The Oxford College of Engineering
Hosur Road, Bommanahalli, Bangalore – 560 068.

**Report on 3 Day
In-house Faculty Development Programme
on ‘Programming Skills’ for Teaching and Technical Staff**

The Department of Computer Science & Engineering had organized an In-house Faculty Development Program from **27th to 30th July 2013**. The objective of this FDP was to strengthen the programming skills of teaching and technical staff. This program updated the knowledge of existing faculty and introduced VTU Lab curriculum to the newly joined faculty, who had studied under some other university. There were five different sessions which included basic concepts and practical sessions of some important labs like Network lab, Web programming lab, System Software & Operating System Lab and Computer Graphics Lab. This program gave faculty an opportunity to learn skills and techniques that improved their scholarly work.

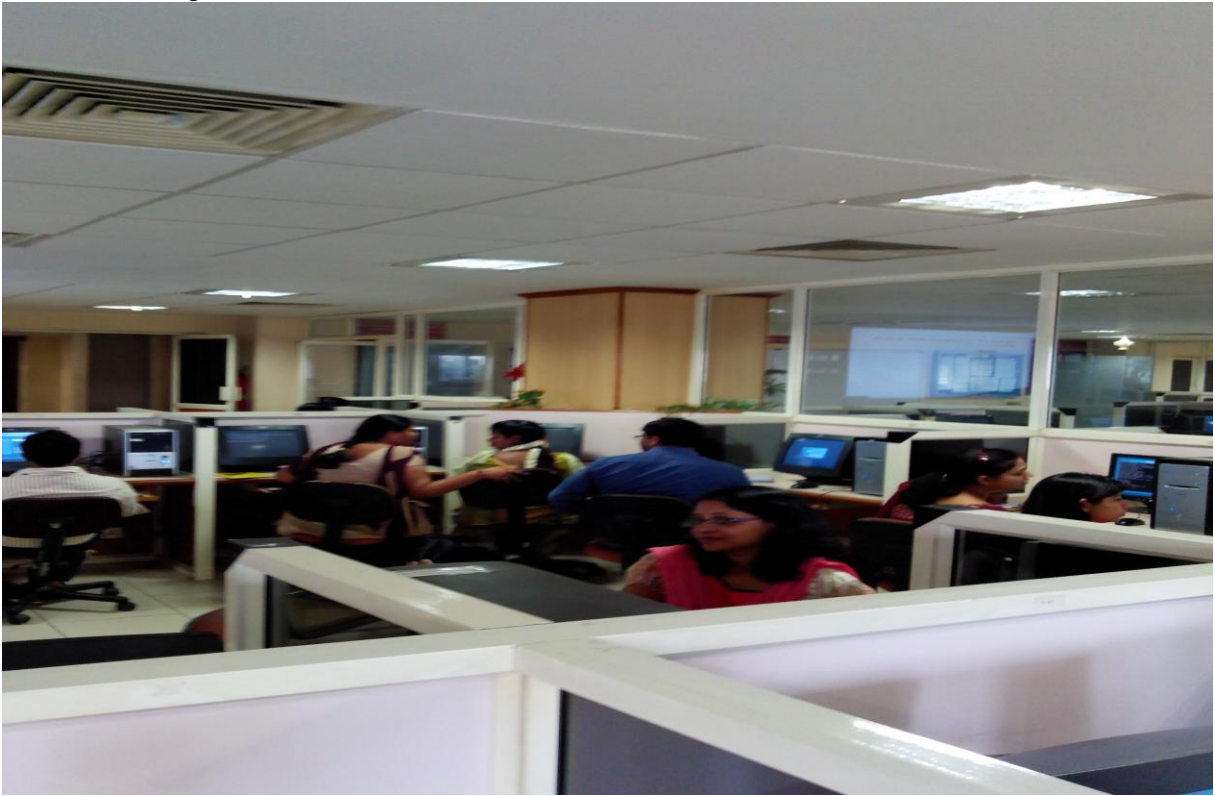

Topics Covered

Day	Topic Covered	Handled By
1	Introduction and Hands-on session on Network programming concepts & simulation	Ms.Ayain, AP & Ms. Ajil, AP, Dept. of CSE
	Introduction to OpenGL and Hands-on session on CG Lab programs	Mr.Senthil Kumar,AP, Dept. of CSE
2	Introduction to Lex and YACC and Hands on session on Lex and YACC programs	Ms. Sowmya,AP, Dept. of CSE
	Introduction to OS Concepts and Hands on session on Unix Shell Programming and OS Programs	Ms. Anargha, AP, Dept. of CSE
	Introduction to Unix System Programming and Hands on session on USP & CD programs	Ms.Shilpa,AP & Ms.Seema,AP, Dept. of CSE
3	Introduction to HTML,XHTML and Hands on session on Web Designing	Mr.Ashok Kumar K, Application Developer, IBM
	Introduction to JSP and ASP and Hands on session on lab programs	

Impact of FDP

All existing and new faculties of various departments were very happy with this FDP. As they were feeling comfortable and confident to handle any VTU Curriculum Labs assigned to them.

Staffs attending hands-on session on CG Lab

Staffs attending hands-on session on USP & CD Lab

Staffs attending introductory session on Networks Lab
