

FIELD VISITS 2019-2020

NIMHANS

Our psychology students have been taken to an educational visit to NIMHANS on national science day to enrich their knowledge in the subject with more practical exposure.

SIR M VISVESVARAYA RAIN WATER HARVESTING THEME PARK

Educational visit of our students to rainwater harvesting theme park to expose about saving the environment. It had 26 types of rainwater harvesting models which gave practical exposure to our students studying environmental science.
