

Shamma Parveen

Batch: 2013-2016

I am currently pursuing my Masters in Psychology at Jain University. It gives me a great pleasure to say with pride that I have completed my graduation from The Oxford College of Arts. This college provides a platform for the students to explore. It is more than just classes, there is one to one interaction with the faculty, seminars, presentation, workshop, fests, practical exposures etc. The relationship between faculties and student is very cordial, which gave me an opportunity to excel in my area of interest. It has positively made me a better person. Teachers are very caring and helping and also interested in student's well-being, this college gave me numerous opportunities to prove myself; I would express my sincere gratitude to the faculties and Mrs. Mamatha. K the principal for giving me a platform to enhance my knowledge and I have always enjoyed learning in her guidance. I have carried along with me beautiful memories of this place and will always cherish them.
