It gives me great pleasure to say with pride that I have completed my post-graduation from The Oxford College of Arts, Bangalore. The relationship between faculty and student is very cordial, which gave me an opportunity to excel in my area of interest. The two years spent here were splendid and has helped me to grow better professionally & personally. I would like to thank all the faculty members for making me a “Better Person”. The motivation that I got from each faculty was really wonderful which led me choose my interest area as my profession. Studying MSW in The Oxford College of Arts, Department of Social work has widened my perspective and has given me an idea of the importance of Social work in today’s day and age. The faculty members were very helpful and were always there to clear our doubts. Having studied here for two years, my interest in the subject has deepened and I chose my life for my profession. Once again thanks a lot for each and every one of you from the bottom of my heart.
