PREAMBLE

The Department of Pharmacology organized the seminar on “Research Guidelines” for the students. Dr. Gururaj S Kulkarni, Professor, The Oxford College of Pharmacy, Bangalore delivered the lecture. There were 18 participants.

The content delivered in the seminar is as follows:

The resource person explained to the participants step by step guidelines on the art of writing and preparing project report. The programme was mainly organized with the intention to bring awareness among the students with basic guidelines, format and procedure required to write and prepare the project report.

He explained to the participants in which way the project should be arranged. The participants of this programme will be well equipped with the use and application of research concepts, tools and techniques for the preparation of academic research projects.

He also explained the main principles of good research conduct like being honest. At the heart of all research endeavor and this is applicable to the whole range of research, including experimental design, generating and analysing data, publishing research papers, and acknowledging the direct and indirect contributions of colleagues, collaborators and others. All faculties and students must refrain from plagiarism, piracy as well as manipulation or fabrication of the results.
