Global Calcium

Bangalore-560095

**Sub: Application to apply for an internship**

Greetings of the day!

As the principal of The Oxford College of Pharmacy, I am writing to explore the possibility of establishing an internship program for our students with Global Calcium. As a part of our academic achievements and credentials relevant to the course, I believe that an internship program with your esteemed organization would be an excellent opportunity for our students to enhance their learning experience and prepare for their future careers.

Thank you

*Convident*

## INVITATION LETTER

To

Dr. Jerald Suresh,

Principal,

Madras Medical College

**Sub: Faculty Exchange and Collaborative Research Program Reg;**

Dear Dr. Jerald Suresh,

It is my pleasure to invite you as a Guest lecturer to participate in a faculty exchange and collaborate research program at The Oxford College of Pharmacy, Bangalore. The faculty and students will utilize this time to collaborate with you on knowledge and experience.

The program will include a diverse range of activities, lectures and research collaborations. We believe that your participation in this program would provide a unique opportunity for our faculty and students to learn from your expertise and share their knowledge with you.

## PREAMBLE

Webinar on QSAR- An Introduction was organised by Department of Pharmacognosy, The Oxford College of Pharmacy on 8-8-2020 from 11.00-1.00 PM using Microsoft team's platform. Dr A Jerad Suresh, Principal, College of Pharmacy, Madras Medical College, Chennai was the guest speaker of the day. There were 75 participants joined the live webinar including the faculty and students at The Oxford College of Pharmacy. Dr Padmaa M Paarakh, Principal, The Oxford college of Pharmacy welcomed the gathering and the Guest speaker. Quantitative structure-activity relationship (QSAR) are the models used in biological and chemical sciences. With the aid of such models, biological or pharmacological activity can be correlated with the physicochemical characteristics of molecules.

### **The content delivered in the webinar is as follows:**

The topic for the webinar was QSAR - An Introduction. The correlation between physicochemical properties and biological activity was clearly explained by the speaker. All the variables used were explained, and the webinar was informative as QSARs are currently being applied in many disciplines pertaining to drug design and development. Understanding and practicing these principles in QSAR modelling will help medicinal chemists to prioritize their experimental effort and significantly increase the experimental hit rates.

These models play a crucial role in drug design and discovery by providing insights into therapeutic properties associated with drug candidates. The webinar was followed by a Q & A session where the speaker cleared the doubts of the participants.

## When the Values of Dependent Variable is only known:

- ✓ Imagine that values of Biological Activity arising from 7 different experiments are given.
- ✓ In such a situation you would predict the BA based on the mean value.
- If we plot,
  - ❖ BA on Y-axis.
  - ❖ No. of Experiments on X-axis and the mean value is 8.
  - ❖ There being no value for X i.e.,  $X=0$

## Computational Chemistry

- The cost of research and development of a single new drug would be in the range of 2.6 billion dollars or 260 crores in rupee terms.
- This cost includes the cost of failures of the thousands and sometimes millions of compounds that might be synthesised and screened early in the R&D (Research and Development) process.
- The overall probability of clinical success is estimated to be less than 12%.

## OUTCOME

There were 75 participants in the webinar. QSAR is a powerful tool in medicinal chemistry and drug development. It offers a systematic approach in understanding the relationship between the chemical structures and biological properties. The overall session discussion benefitted the faculties and students who can imply them in drug design and development.

## MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is made and executed on this the 13th Day of July, 2015 at Bengaluru.

### BETWEEN

The Oxford College of Pharmacy  
# 6/9, 1<sup>st</sup> Cross,  
Begur Road,  
Hongasandra,  
Bengaluru-560 068.  
Represented by its Principal  
Dr. Padmaa M. Paraakh.

(hereinafter called the First Party which expression wherever the context so requires or admits, shall mean and include his respective heirs, legal representatives, administrators, executors and assigns or any person claiming through or under him)

### AND

Bal Research Foundation  
61-B, Bommasandra Industrial Area,  
Bengaluru-560099.  
Represented by its Director  
Dr. Prasanna S.

(hereinafter called as the Second Party which expression wherever the context so requires or admits, shall mean and include his respective heirs, legal representatives, administrators, executors and assigns or any person claiming through or under him)

1. Whereas the First Party and Second Party (collectively called the parties) having recognized the mutual interest in the fields of Ayurvedic research, training and development and dissemination of knowledge, also importance of promoting industry collaboration and Industry Partner within its field of expertise.

2. Now therefore the parties have desirous of entering into this MOU to –

- (1). Foster research collaboration between the parties
- (2). Set the ground for longer-term college-industry partnerships
- (3). Strengthen the innovative capacities of local industries and advance industry-driven research and innovation
- (4). Provide the college access to industrial environments for applied and problem-based research activities.
- (5). Establish collaboration according to terms and conditions set out in the articles hereunder.

3. The terms and stipulations of this MOU shall be as specified in the following Articles.

*P Padma*

*Prasanna*

#### Article 1: Scope of the collaboration

The general purpose of this MOU is to facilitate industry and research cooperation between the parties hereunder based upon the principles of mutual benefit and may include the following general cooperation areas as described in detail below:

- 1.1 Joint industry and research activities.
- 1.2 Exchange of visiting experts for the purpose of conducting research.
- 1.3 Discussion for the exchange of facilities and equipment for collaborative or independent research based on the policies of both entities.
- 1.4 Exchange scholarly information including research papers, indices to theses, books and magazines on relevant subjects and potential joint projects where possible and appropriate.
- 1.5 Extend invitations for attending scholarly and technical meetings as well as national and international conferences.

#### Article 2: Terms of the Agreement

- 2.1 This MOU will be executed and administered by First Party and Second Party.
- 2.2 This MOU may also involve other parties by mutual consent between the Parties, which may be added later by execution of Addendum to this MOU.
- 2.3 The parties may enter into specific written agreements under authority of this MOU to clarify and define the nature, extent and terms of operation for the proposed collaborations, including intellectual property ownership and funding issues.

#### Article 3: General Terms of MOU

- 3.1 This MOU is not intended to, and does not create any right, benefit, or trust responsibility, substantive or procedural, enforceable at law or equity, by either party, its officers, employees, or agents against the other party, its officers, employees, or agents.
- 3.2 Nothing in this MOU obligates either party to commit or transfer any funds, assets, or other resources in support of projects or activities between the parties unless expressly stated in a separate commercial agreement.
- 3.3 Both parties agree to submit outcomes of their joint collaboration to the National or International funding agencies, whilst safeguarding their own copyright and any patents that may be produced by their collaboration.
- 3.4 The activities of this MOU must be carried out in accordance with appropriate laws and regulations in force in India.
- 3.5 Any dispute/claim arising out of or relating to this MOU shall be settled by Arbitration. The place

*P. Padma*

*S. Suman*

of Arbitration under the provisions of Arbitration and Conciliation Act, 1996 at Bengaluru and the cost of the arbitration proceedings shall be payable in terms of the award.

**Article 4: Confidentiality of MOU**

4.1 The Parties undertake to strictly keep secret and use any data, information, know-how etc., disclosed by the other Party, only for the purpose of this MOU.

4.2 The Receiving Party agrees to hold Confidential Information in confidence in accordance with the terms of this MOU. The Receiving Party shall exercise at least the same degree of care as it uses with regard to its own Confidential Information.

**Article 5: Termination of MOU**

5.1 This MOU may be terminated by either parties by giving 3 months notice in writing to the other party.

5.2 Upon execution of Specific Written Agreement this MOU will automatically stand terminated.

In witnesses whereof the parties have affixed their signature and seal on the day, month and year mentioned here in above.

## INVITATION LETTER

To

The HR Manager

Bal Pharma Limited

Bangalore- 560052

**Sub: Application to apply for an internship**

Greetings of the day!

As the principal of The Oxford College of Pharmacy, I am writing to explore the possibility of establishing an internship program for our students with Bal Pharma Limited. As a part of our academic achievements and credentials relevant to the course, I believe that an internship program with your esteemed organization would be an excellent opportunity for our students to enhance their learning experience and prepare for their future careers.

Thank you

*P. Padma*

## PREAMBLE

The Department Pharmaceutics, The Oxford College of Pharmacy conducted an online webinar on "Product Life Cycle and Its Extension Strategies" for the students, scholars and teaching faculties. There were totally 122 participants in the webinar. Dr UmaMahesh Balekari, M.Pharm PhD, working with multinational company as a senior consultant was the resource person.

Product Life Cycle (PLC) plays a very important role in understanding how the product evolves from introduction to decline. Hence, businesses implement extension strategies viz., product line extension, brand extension, market extension, repositioning, branding to give a new direction to the product.

### **The content delivered in the webinar is as follows:**

The selected topic for this webinar was a part of curriculum which is demand in present marketing scenario. Mrs. Divya S Kumar started the webinar with opening remarks and welcoming the delegates and speaker. Dr. Padmaa M Paarakh, the convener of this webinar gave the introduction about our institution and its achievements in academy. Guest introduction was done by Dr N Lavanya. The topic was **Product Life Cycle and its Extensive Strategies** deals with the study of molecule/finished product of pharmaceuticals, its starts, growth and decline stages in the market and at the time of declining stage of product what strategies to be planned for retaining in market and its further growth.

Additionally, he explained about extension strategies through which the life of a product can be extended. Extension strategies includes product line extension, brand extension, price reduction, rebranding and repositioning. These strategies are aimed to maintain the product share in the market, rejuvenate the product and provide new growth directions for the product.

Speaker covered various points relevant to topic. He also covered the opportunities in the pharmaceutical industry in sales and marketing for young pharmacists in national and international level.

Dr Umamahesh explained about the requirements of industry and how the young pharmacists should prepare for this competitive environment to fulfill the industries requirements. The webinar was well appreciated by all the delegates.

## OUTCOME

There were 122 participants in the webinar. After attending the webinar, the participants would have understood about various stages in a product life cycle and the extension strategies to be implemented to extend the life of a product. Especially for businesses, it is important to be understood and implemented effectively. One can prolong the life of product, gain profits and adapt as per the demanding market situations through piloting various stages of PLC and implementing extension strategies strategically.

Dear Sir,

Thank you for your thought-provoking online Guest Lecture on “**Product Life Cycle and its extension strategies**” for our institution The Oxford College of Pharmacy, Bangalore. The presentation and points you were discussed during guest lecture were really helpful for most of the participants. I thank again for a truly memorable guest lecture. We hope you can join us again.

Regards,

  
Principal

## INVITATION LETTER

To

Dr. Bharath Mandem

HR Manager

SOS Care

Bangalore- 560034

**Sub: Application to apply for an internship**

Greetings of the day!

As the principal of The Oxford College of Pharmacy, I am writing to explore the possibility of establishing an internship program for our students with SOS Care. As a part of our academic achievements and credentials relevant to the course, I believe that an internship program with your esteemed organization would be an excellent opportunity for our students to enhance their learning experience and prepare for their future careers.

Thank you

*P. Padma*

## PREAMBLE

A Webinar on Prerequisites for Pre-clinical Evaluation of Drugs was Organized by Department of Pharmacology, The Oxford College of Pharmacy on 09/11/2020 from 11.00-01:00 pm using Microsoft Teams platform. Dr Shivakumar Hugar, Prof & HOD, Department of Pharmacology, BLDEA'S SSM College of Pharmacy & Research Centre, Vijayapur-586103, Karnataka was the guest speaker of the day.

The Programme had 110 participants including students, faculty from The Oxford College of Pharmacy. Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy, Bangalore, welcomed the gathering and the Guest speaker. Pre-clinical evaluation of drugs is a important stage in drug development process, where safety and efficacy of drug candidates are assessed before testing in humans. It includes pharmacological profile, toxicological studies and pharmacodynamic and pharmacokinetic studies.

The topic for the webinar was Prerequisites for Pre-clinical Evaluation of Drugs. Calculating the dose of drug based on Body Weight of animals, how to prepare appropriate strength of stock solution of plant extract /drug using suitable vehicle, preparation of stock solution of drugs available in ampoules i.e. injection form. Convert human dose into corresponding experimental animal dose was explained by the speaker.

Additionally, the speaker emphasized on following Good Laboratory Practices (GLP) and Good Clinical Practices (GCP), thereby which ensuring quality and integrity during both preclinical and clinical studies. The webinar was followed by Q & A session where the speaker cleared the queries of the participants. The webinar Programme was concluded with vote of thanks by Dr. Venkata Karthik Kumar Reddy, Assistant professor. The webinar was informative and well appreciated by all the participants.

This programme is arranged to share the knowledge on the topic “Prerequisites for Pre-clinical Evaluation of Drugs” by Dr Shivakumar Hugar, who has a long year of experience in Pharmacology and research. The overall organization and deliverance of the webinar was helpful and satisfied the participants.

From the ampoule of gentamicin required dosages can be administered to rats / mice of varying body weights as shown in **Table - 4**

Standard Dose	Stock Solution	body weight (g)	Calculated dose (mg)	Equivalent dose (ml)
<b>For rats</b> Gentamicin 100 mg/kg	80 mg/2ml = (40 mg/ml)	100 g	10 mg	0.25 ml
		120 g	12 mg	0.3 ml
		140 g	14mg	0.35 ml
		150 g	15 mg	0.37 ml
<b>For Mice</b> Gentamicin 100 mg/kg	80 mg/2ml = (40 mg/ml)	18 g	1.8 mg	0.04 ml
		20 g	2.0 mg	0.05 ml
		25 g	2.5 mg	0.06 ml
		30 g	3.0 mg	0.07 ml

## OUTCOME

There were 110 participants. The pre-clinical evaluation of drugs includes laboratory and animal studies designed to assess the safety and efficacy of drugs. Hence, it plays a significant role in the drug development process. It includes development of pharmacological profile, toxicological studies and assessment of pharmacodynamic and pharmacokinetic parameters. Additionally, compliance with regulatory requirements as laid down by regulatory bodies is also essential in establishing the safety and efficacy of the drugs. This would aid the participants to implement the same in their research/project work.

Dear Sir,

Thank you for your thought-provoking online Guest Lecture on **“Prerequisites for pre-clinical evaluation of Drugs”** for our institution The Oxford College of Pharmacy, Bangalore. The presentation and points you were discussed during guest lecture were really helpful for most of the participants. I thank again for a truly memorable guest lecture. We hope you can join us again.

Regards,

  
Principal

### Memorandum of Understanding (MOU)

This Memorandum of Understanding is made and executed on this 1<sup>st</sup> April 2015 (01.04.2015) at Bangalore.

Between

The Oxford Dental College, Bangalore represented by The Principal of The Oxford Dental College, herein after is referred to as "The Oxford Dental College" which expression shall include its legal successors and permitted assigns, on the first part:-

The Oxford College of Pharmacy

Or

The Oxford College of Pharmacy, Hongasandra, Begur Road Bangalore represented by The Principal of The Oxford College of Pharmacy, herein after is referred to as "The Oxford College of Pharmacy" which expression shall include its legal successors and permitted assigns, on the Second part:-

The general objective of this Memorandum of Understanding (MOU) is to stimulate and facilitate the development of collaborative and mutually beneficial programs which serve to enhance the intellectual development on both campuses. Thus, The Oxford Dental College and The Oxford College of Pharmacy have agreed that in support of their mutual interests in the field of education and research.

1. The two Educational Institutions will:

- Cooperate in the exchange of information relating to their activities in teaching and research in fields of mutual interests.
- Promote appropriate joint research projects and joint courses of study.
- Endeavor to encourage students and staff to spend periods of time in the host University. The exchange of students will be dependent on the execution of a formal Student Exchange Agreement prior to commencement of this activity.
- Conduct short courses, as mutually agreed in writing between the parties prior to commencement of this activity.
- Conduct study tours, mutually agreed in writing between the parties prior to commencement of this activity.

2. Facilitate the exchange of undergraduate students and post-graduate students. Such exchanges may take place for a short period (or at least one term or semester). The academic standing of such students shall be determined by the host college. Accreditation for the academic work carried out by an undergraduate student during the period of study at the host college will be at the discretion of both the colleges.

3. The aim of the Memorandum of Understanding shall be to achieve a broad balance in the respective contributions and benefits of the collaboration, and this shall be subject to periodic review by both colleges.

4. Academic members of staff and other personnel of one partner institution may spend periods not normally exceeding one academic year in the other partner institution. In supporting such an arrangement the home institution undertakes to continue the salary of the participant. All other financial matters, including travel costs, are subject to individual negotiation, and will normally be the responsibility of the persons involved and their home institution.

5. In the implementation of specific cooperative programs, a written agreement covering all relevant aspects including funding and the obligations to be undertaken by each party will be negotiated, mutually agreed and formalized in writing, prior to the commencement of the program.

6. The Oxford Dental College shall not hold The Oxford College of Pharmacy liable for any damage that is caused, whether directly or indirectly, by The Oxford Dental College. The Oxford College of Pharmacy shall not hold The Oxford Dental College liable for any damage that is caused, whether directly or indirectly, by The Oxford College of Pharmacy.

7. The Oxford Dental College will indemnify any loss suffered by The Oxford College of Pharmacy that is caused, whether directly or indirectly, by the The Oxford Dental College. The Oxford College of Pharmacy will indemnify any loss suffered by the The Oxford Dental College that is caused, whether directly or indirectly.

This agreement will take effect from the date of its signing and shall be valid for for a period of 5 years with effect from 01.04.2015 from that date unless sooner terminated, revoked or modified by mutual written agreement between tile Parties, and may be extended by or mutual written agreement.

Either party may terminate the Agreement at any time during tile term by the provision of three months written notice to the other party.

The general objective of this Memorandum of Understanding (MOU) is to stimulate and facilitate the development of collaborative and mutually beneficial programs which serve to enhance the intellectual development on both campuses. Thus, The Oxford Dental College and The Oxford College of Pharmacy have agreed that in support of their mutual interests in the field of education and research:

1. The two Educational Institutions will:
  - a) Cooperate in the exchange of information relating to their activities in teaching and research in fields of mutual interests.
  - b) Promote appropriate joint research projects and joint courses of study.
  - c) Endeavor to encourage students and staff to spend periods of time in the host University. The exchange of students will be dependent on the execution of a formal Student Exchange Agreement prior to commencement of this activity.

Statutory Alert:

The authenticity of this Stamp Certificate should be verified at 'www.indiastamp.com'. Any discrepancy in the details on this Certificate and as available on the website renders it invalid.

d) Conduct short courses, as mutually agreed in writing between the parties prior to commencement of this activity.

e) Conduct study tours, mutually agreed in writing between the parties prior to commencement of this activity.

2. Facilitate the exchange of undergraduate students and post-graduate students. Such exchanges may take place for a short period (or at least one term or semester). The academic standing of such students shall be determined by the host college. Accreditation for the academic work carried out by an undergraduate student during the period of study at the host college will be at the discretion of both the colleges.

3. The aim of the Memorandum of Understanding shall be to achieve a broad balance in the respective contributions and benefits of the collaboration, and this shall be subject to periodic review by both colleges.

4. Academic members of staff and other personnel of one partner institution may spend periods not normally exceeding one academic year in the other partner institution. In supporting such an arrangement the home institution undertakes to continue the salary of the participant. All other financial matters, including travel costs, are subject to individual negotiation, and will normally be the responsibility of the persons involved and their home institution.

5. In the implementation of specific cooperative programs, a written agreement covering all relevant aspects including funding and the obligations to be undertaken by each party will be negotiated, mutually agreed and formalized in writing, prior to the commencement of the program.

6. The Oxford Dental College shall not hold The Oxford College of Pharmacy liable for any damage that is caused, whether directly or indirectly, by The Oxford Dental College. The Oxford College of Pharmacy shall not hold The Oxford Dental College liable for any damage that is caused, whether directly or indirectly, by The Oxford College of Pharmacy.

7. The Oxford Dental College will indemnify any loss suffered by The Oxford College of Pharmacy that is caused, whether directly or indirectly, by the The Oxford Dental College. The Oxford College of Pharmacy will indemnify any loss suffered by the The Oxford Dental College that is caused, whether directly or indirectly.

This agreement will take effect from the date of its signing and shall be valid for an unlimited period from that date unless sooner terminated, revoked or modified by mutual written agreement between the Parties, and may be extended by or mutual written agreement.

Either party may terminate the Agreement at any time during the term by the provision of three months written notice to the other party.

# MEMORANDUM OF UNDERSTANDING

Between

**Skanda Life Sciences Pvt Ltd**

Sri Shaila Bramara Complex, Sy. No. 47, No.10-12, Chandana Layout, Sriganad  
Kaval Nagarabhavi, Bengaluru - 560091

And

**The Oxford College of Pharmacy**

1st Main Road, Hongasandra, Bengaluru, Karnataka 560068

This Memorandum of Understanding ("MoU") is made on this 20<sup>th</sup> day of May 2019

Between

Skanda Life Sciences Pvt Ltd, a Company incorporated under the Companies Act, 1956 and having its R & D at Sri Shaila Bramara Complex, Sy. No. 47, No.10-12, Chandana Layout, Srigandad Kaval Nagarabhavi, Bengaluru – 560091 and here in after referred as "Skanda" represented by Dr. Yogisha, Director,

And

The Oxford College of Pharmacy having its Pharmacy college at Hongasandra, Bengaluru, Karnataka 560068, being represented by Dr. Padmaa M. Paraakh, Principal, The Oxford College of Pharmacy, hereinafter referred to as "TOCP".

The term First Party and Second Party afore mentioned unless repugnant to the context shall mean and include their successors, subsidiaries, affiliates in office, authorized representatives.

The two parties to this Memorandum of Understanding ("MoU") accept the following Terms and Conditions with a common intention of being legally bound on them.

#### A. RESPONSIBILITIES OF SKANDA LIFE SCIENCES

1. Skanda Life Sciences shall after due process provide internship opportunities and research projects to the selected candidates.
2. Skanda Life Sciences hereby agrees that the selected candidates shall carry out their internship for a minimum period of six months commencing upon a date that has been mutually agreed upon between Skanda Life Sciences, TOCP and selected Candidate/s.
3. Skanda Life Sciences shall ensure that such selected candidate/s shall be assigned with a "short term project" during the period of internship that includes using/ handling of instruments under supervision, etc.
4. Skanda Life Sciences agrees that at the end of the internship period the selected candidate/may prepare a report of their project work, while safeguarding any confidential or sensitive information in regards to Skanda Life Sciences. If candidate/s intends to publish such project work report, TOCP shall submit a copy of such report to Skanda Life Sciences and seek prior approval for its publication.

5. Skanda agrees to design and provide Faculty Improvement Programs (FIP) in the areas of (i) Bioanalytical techniques (ii) Phytochemistry (iii) Cell Biology and (iv) Biochemical assays on mutually agreed financial and technical program. TOCP agrees to shortlist and send faculties for FIP.
6. Skanda and TOCP agree to undertake students industrial visits, guest lecture and collaborative projects by mutual financial and technical understanding.

#### **B. RESPONSIBILITIES OF TOCP**

1. TOCP shall provide Skanda Life Sciences an opportunity to screen and shortlist candidate/s for Internship at Skanda Life Sciences.
2. TOCP hereby agrees that the final decision with regard to the selection of relevant candidate/s and number of such candidate/s is up to the discretion of Skanda Life Sciences.
3. TOCP shall ensure that Skanda Life Sciences is aware of the Academic Schedule of the selected candidate/s in regards to Semester/Annual scheme.
4. TOCP agrees that any patents, products or other innovations that arise during the period of internship shall be the sole property of Skanda Life Sciences.
5. TOCS will be provided mutually agreed terms and conditions.
6. TOCP agrees that this internship is related to an educational purpose of the selected candidate/s and there is no guarantee or expectation that such internship or activity will result in employment with Skanda Life Sciences.
7. TOCP agrees that Skanda Life Sciences is not liable for injury sustained or health conditions of candidate/s during the course of his/her internship.

#### **C. DURATION OF THE MoU**

The Agreement shall be valid for a period of 5 (Five) Years. The agreement may be renewed on mutually agreed terms and conditions.

The agreement may be terminated in the event of either party having breached the terms and conditions mentioned above. In such a case however the candidate/s already

undergoing internship at Skanda Life Sciences shall continue and complete the internship as per the provision of this agreement for this purpose the agreement shall be operative.

#### **D. AMENDMENT TO THE MoU**

During the operation of the MoU, circumstances may arise which may call for alteration in the MoU, which shall be mutually discussed and agreed upon by both parties and shall form part and parcel of the original MoU.

#### **E. BREACH OF AGREEMENT**

If either party is found violating the above mentioned terms or condition of the MoU, the other party may terminate the MoU after providing three months notice. In such a case however the candidate/s already undergoing internship at Skanda Life Sciences shall continue and complete the internship as per the provision of this agreement for this purpose the agreement shall be operative.

#### **F. ARBITRATION**

Any dispute arising with regard to any aspect of the Agreement shall be settled through mutual consultation and by written consent by the two parties to the MoU. In case settlement is not arrived at, the dispute will come under the purview and provision of the Indian Arbitration and Conciliation Act, 1996 and the area of Jurisdiction shall be at Bangalore City.

#### **G. JURISDICTION**

In the event of any disputes between the two parties only the Courts in Bangalore city shall have exclusive jurisdiction. However no court case shall be preferred by either party until Arbitration has been resorted to and has proved unfruitful.

Having gone through each and every condition of this agreement and having understood it clearly and perfectly both the parties affix their signatures below as attesting to this deed on this 20<sup>th</sup> day of May 2019.

## INVITATION LETTER

To

Mr. Vishal Chaudhari,

Head of Operations

Clini India,

**Sub: On-the-job training and Collaborative Research programme reg;**

Dear Mr. Vishal Chaudhari,

It is my pleasure to invite you as a Guest lecturer to participate in a On-the-job training and Collaborative Research programme at The Oxford College of Pharmacy, Bangalore. The faculty and students will utilize this time to collaborate with you on knowledge.

The program will include a diverse range of activities, lectures and research collaborations. We believe that your participation in this program would provide a unique opportunity for our faculty and students to learn from your expertise and share their knowledge with you.

## PREAMBLE

The Oxford College of Pharmacy, Bengaluru in association with CLINI INDIA organized a online webinar on the topic "Importance of Profession ready training in Clinical research and Pharmacovigilance" on 7th of May 2021 between 11:00 AM - 12:30 PM. The webinar was organized using webinar jam as the platform. There were 142 participants for this webinar, which included students of various courses of pharmacy from The Oxford College of Pharmacy, whereas the students and faculty have assembled in seminar hall no. 505 and the resource person has joined through MS teams platform through online mode.

The guest speaker of the day was Mr. Vishal Chaudhari, Head of Operations, CLINI INDIA. Ms. Sravani T, Assistant Professor, Department of Pharmacognosy, The Oxford College of Pharmacy introduced the guest speaker of the day and read out a brief biodata of Mr. Vishal which is as follows. Mr. Vishal Chaudhari completed his B. Pharm and did Master's in clinical research. He has been serving for 10 years in the Pharma industry and worked on multiple profiles. Last six years he has been a part of India's top institute in Clinical research, training, and placement, CLINI INDIA. As Head of the Operations, he is responsible to handle technical as well as training and placement support to CLINI INDIA campuses in Pune, Mumbai, Bangalore, and Hyderabad.

### The content delivered in the program is as follows:

Mr. Vishal thanked all the participants for registering and started the webinar. He started to explain the basics of what clinical research is, clinical trial management (CTM), clinical data management (CDM), pharmacovigilance (PV), medical writing (MW) and clearly explained the differences between them. Later he continued to discuss the scope and posts into which the candidates can be hired according to the specialization. Mr. Vishal explained the scope in various IT healthcare, contract research organizations (CROs), pharmaceutical & biotech. multi-specialty hospitals, research centers & institutes for pharmacy graduates. He also discussed the certificate courses offered by CLINI INDIA for the above courses.

The pharmaceutical industry always has high expectations from the freshers, since they represent the future of the industry. To gain a strong foothold in the industry, the freshers need to possess good scientific knowledge, analytical skills and commitment towards quality.

Accredited by NAAC and International Accreditation Organization (IAO)

The following is the summary of the key points discussed by Mr. Vishal in the webinar.

- It will make you understand about the industry expectations from a fresher.
- How you must be prepared and be ready.
- What are the secrets to achieve a higher package in a reputed organization?
- How online training will be and what it covers?
- What are the advantages of training?

How actually placements happen?

The webinar was ended with a Q & A session where the participants asked few doubts regarding the placements, course details offered by CLINI INDIA, regarding how the courses will be beneficial to the final year students and will this covid has an impact on recruitment, which courses and options are beneficial to Pharm D students. The queries were patiently and justifiably answered by Mr. Vishal.

**Organizing WEBINAR**  
In association with **CLINI INDIA**

*"Importance of professional training & readiness for successful industrial placement"*  
Date- 7 May 2021. 11 AM

**What will you learn?**

**WHAT IS CLINICAL RESEARCH ?**  
Clinical research is a branch of health care science that determines the safety and effectiveness (efficacy) of medications, devices, diagnostic products and treatment regimens intended for human use

For the assessment of

- New drug
- New use of existing drug
- Use of medical devices
- New drug delivery system
- Vaccines
- New surgical procedures

**CLINICAL TRIAL MANAGEMENT (CTM)**  
Clinical research is a branch of health care science that determines the safety and effectiveness (efficacy) of medications, devices, diagnostic products and treatment regimens intended for human use

YOU CAN BE HIRED AS:

- CLINICAL RESEARCH COORDINATOR (CRCO)
- CLINICAL RESEARCH ASSOCIATE (CRA)
- SITE FEASIBILITY SPECIALIST
- PROJECT MANAGER

**PHARMACOVIGILANCE (PV)**  
Pharmacovigilance (PV or PhV), also known as drug safety, is the pharmacological science relating to the collection, detection, assessment, monitoring & prevention of adverse effect with pharmaceutical products.

YOU CAN BE HIRED AS:

- PHARMACOVIGILANCE SCIENTIST
- DRUG SAFETY ASSOCIATE
- PROJECT MANAGER
- MEDICAL DIRECTOR

**MEDICAL WRITING (MW)**  
Medical Writers work closely with biostatistician, pharmacovigilance, project management and clinical data management teams to deliver accurate, timely and cost effective documents to the highest ethical and scientific standards

YOU WILL BE HIRED AS:

- MEDICAL WRITER / SCIENTIFIC WRITER
- CONTENT WRITER / EDITORIAL ASSISTANT
- SENIOR EDITOR
- MEDICAL DIRECTOR

Mr. Vishal Chaudhari explaining about Clinical research, Clinical Trial Management, Pharmacovigilance, Medical Writing to the participants

Approved by Pharmacy Council of India, New Delhi)

Accredited by NAAC and International Accreditation Organization (IAO)

## OUTCOME

There were 142 participants. The overall session benefitted the participants. For meeting the expectations in pharma industry, one needs to have strong theoretical knowledge, analytical skills, sound scientific knowledge, quality standards, soft skills as well as adaptability nature. This webinar would help the participants especially students who can plan their career with the varied options available after the completion of their respective courses.

Clini India

Dear Sir,

Thank you for your thought-provoking online Guest Lecture on **“IMPORTANCE OF PROFESSION READY TRAINING IN CLINICAL RESEARCH AND PHARMACOVIGILANCE”** for our institution The Oxford College of Pharmacy, Bangalore. The presentation and points you were discussed during guest lecture were really helpful for most of the participants. I thank again for a truly memorable guest lecture. We hope you can join us again.

Regards,

*P. Padma*

## INVITATION LETTER

To

Dr. Basawaraj K Nanjwade ,

Vice President

KJD Pharmaceuticals Pvt.Ltd

### **Sub: Collaborative Research program reg;**

Dear Dr. Basawaraj K Nanjwade,

It is my pleasure to invite you as a Guest lecturer to participate in a collaborative research program at The Oxford College of Pharmacy, Bangalore. The faculty and students will utilize this time to collaborate with you on knowledge and experience.

The program will include a diverse range of activities, lectures and research collaborations. We believe that your participation in this program would provide a unique opportunity for our faculty and students to learn from your expertise and share their knowledge with you.

## PREAMBLE

Good Laboratory Practices (GLP) is a quality system covering the organizational process and conditions under which non-clinical laboratory studies are planned, performed, monitored, recorded, reported, and archived.

## THE CONTENT DELIVERED IN THE WEBINAR IS AS FOLLOWS:

The Department of Pharmaceutics conducted the webinar on “Good laboratory practices for Pharmaceuticals and Biopharmaceuticals” for the students and teaching faculties. There were totally 350 participants, whereas the students and faculty have assembled in seminar hall no. 505 and the resource person has joined through MS teams platform through online mode.

Dr. Basavaraj K Nanjwade M. Pharm, Ph.D. working as assistant vice president in QA, QC and R&D at KJD Pharmaceuticals Private Limited, has 20 years' experience in pharmaceutical industry and pharmaceutical education. He developed 36 new products (10 nutra and 26 pharma) for domestic and international.

For the development of Pharmaceuticals and Biopharmaceuticals, GLP are a set of guidelines and standards that has to be followed in the laboratories. It ensures quality, integrity and reliability of non-clinical laboratory studies. Adhering to GLP guidelines ensures generation of accurate and valid data that meet regulatory requirements. In the current webinar, the speaker addressed few important GLP practices to be followed for the development of Pharmaceuticals and Biopharmaceuticals like implementing a robust Quality Management System to ensure compliance with GLP regulations, maintaining detailed record, samples handling, receipt of materials, storage condition, record keeping, conducting and reporting GLP audits, inspection reports, routine inspection of cleaning, maintenance, testing and calibration of equipments etc.,

Additionally, he added for the development of biopharmaceutical products often requires complex study designs and specialized equipments for which if GLP's are adhered properly ensures the data reliable.

## OUTCOME

There were 350 participants in the webinar. Good Laboratory Practice plays a pivotal role in both pharmaceuticals and biopharmaceutical industries since it ensures that pharmaceutical companies comply with regulatory compliance, maintain integrity and reliability of research findings, ensures quality assurance, aids in assessing the safety risks associated with the pharmaceutical products, mitigates risks associated with inaccurate and misleading data thereby ensuring patient safety during drug development process. This webinar would help the participants to conduct and Practice the GLP guidelines in an effective way in both academia and industry.

Dr. Basawaraj K Nanjwade  
Associate Vice President  
KJD Pharmaceuticals Pvt. Ltd

Dear Sir,

Thank you for your thought-provoking online Guest Lecture on “**Good Laboratory practices for Pharmaceuticals and Biopharmaceuticals**” for our institution The Oxford College of Pharmacy, Bangalore. The presentation and points you were discussed during guest lecture were really helpful for most of the participants. I thank again for a truly memorable guest lecture. We hope you can join us again.

Regards,

*P. Padma*

# Memorandum of Understanding (MOU)

Between:

Party-1:

and

Party-2:

World Alumni Network Pvt. Ltd. (WAN),  
600 (FF2), Ring Road, Cross 15,  
JP Nagar Phase 6, Bengaluru 560078, India;  
+91-80-2665-3333, +91-80-2665-7777

The Oxford College of Pharmacy,  
6, Hongasandra Main Road, Hongasandra,  
Bengaluru 560068, Karnataka, India

This MOU, dated 22<sup>nd</sup> September 2017, establishes a mutual working relationship between the two parties (and their respective heirs, executors, administrators and assignees) as broadly outlined below:

## Party-1's Role:

1. Party-1 is creating a state-of-the-art secure Online Platform as worldalumni.com (with related domains) for all the alumni, students, staff, faculty and related individuals at global level to find, connect, communicate, collaborate and coordinate in an integrated and seamless online environment for academic, placements, business, professional, personal and other uses
2. Registration at this Online Platform by any individual is purely voluntary and it is between Party-1 and the individual members
3. Party-1 is making all the necessary investment on its own for developing the Online Platform
4. Party-1 will provide one Premium Membership as a respect to the head of the Party-2 at no cost to Party-2
5. Party-1 on its Online Platform will provide a link to Party-2's primary website

## Party-2's Role:

1. There is no financial obligation on the part of Party-2
2. Party-2 will designate a person to overview the information provided by the members in the Online Platform
3. Since any duplication of information at multiple places can make it difficult or cause confusion in finding the right information by the members, Party-2 will not engage in any duplication of the information provided at the Online Platform by Party-1, or it will not promote or use any such duplicated information
4. Party-2 on its primary website will provide a link to Party-1's Online Platform

This MOU may be amended at any time with the mutual consent of both the parties.

## PREAMBLE

The Oxford College of Pharmacy, organized a session titled "3D: Destination, Decision, Direction" for the students and faculty. The session was led by the esteemed Mr. GM Sofi Kamal, Managing Director at HK Security and Allied Services Ltd. and Senior Clinical Reviewer at Cognizant Technology Solutions, who shared his extensive expertise and insights on the topic. Mr. GM Sofi Kamal shared his own life experiences, which were both inspiring and motivating for the attendees. He offered valuable advice on how to identify one's destination, make the right decisions, and follow the right direction to achieve success. The session concluded with a Q&A round, during which participants had the opportunity to ask questions and clarify their doubts. Mr. GM Sofi Kamal patiently answered each query and provided a questionnaire to clarify any remaining doubts. The event concluded with a heartfelt vote of thanks, acknowledging the active participation and engagement of the attendees. Feedback links were shared with the 300 participants, recognizing their valuable input. The session was highly informative, and the attendees' active involvement was greatly appreciated.

### OUTCOME OF THE PROGRAMME

This webinar helped over 300 students to understand goal setting, develop resilience, and acquire skills to overcome hardships such as [specific skills]. As a result, they were better equipped to achieve their personal and professional goals and contribute to society. Investing in personal and professional development has a positive impact on the individual and the community.

## PREAMBLE

The Oxford College of Pharmacy, Department of Pharmacology organized a valuable session on "How to Prepare for, Pertain to, and Persist in a Job?" The event had 243 participants. The session featured a lecture by Ms. Arpitha Chinnu Sabu, TMC Ops Team Lead of Navya Network Inc. in Bengaluru, who provided valuable insights on various topics such as preparing for a job interview, pertaining to and persisting in a job. The lecture concluded with a bonus tip and was followed by an engaging Q&A session where participants had the opportunity to ask questions and clarify their doubts. Feedback links were shared with the participants at the end of the session. The event was concluded with a vote of thanks.

### How to Prepare for a Job?- During interview

- ✓ Show your confidence. If not this, another one will come your way.
- ✓ Physical attire does matter.
- ✓ Do not beat around the bush. This is the sign of lack of knowledge.
- ✓ Be honest if you don't know. This will help you assess how much more you have to prepare.
- ✓ Develop passion and showcase it.
- ✓ Be selfless. Keep your priorities aside during the first round.
- ✓ Show interest in the organisation. Once you get selected, the organisation itself will consider your priorities.
- ✓ Do not look into google/phone while on virtual interview

## OUTCOME OF THE PROGRAMME

The "Communication Skill Program on How to Prepare for, Pertain to, and Persist in a Job?" equipped B.Pharm, M.Pharm, and Pharm D students with the necessary tools to secure employment opportunities, develop essential skills, and excel in job interviews. 243 attendees were benefited from the valuable experiences and insights shared by industry expert Ms. Arpitha Chinnu Sabu. The program was a great opportunity for ambitious students to gain a competitive edge in their careers and achieve their professional aspirations.

## INVITATION LETTER

To

Dr. Ramana Murthy,

Principal

AU College of Pharma Sciences

Andhra University, Vishakhapatnam, AP

**Sub: Faculty Exchange program reg;**

Dear Dr. Ramana Murthy,

It is my pleasure to invite you as a Guest lecturer to participate in a faculty exchange program at The Oxford College of Pharmacy, Bangalore. The faculty and students will utilize this time to collaborate with you on knowledge and experience.

We believe that your participation in this program would provide a unique opportunity for our faculty and students to learn from your expertise and share their knowledge with you.

## CIRCULAR

This is to inform all the students and the teaching staff of The Oxford College of Pharmacy that an online webinar titled “**In vivo and in vitro considerations in the dosage form development**” for the academic year 2020-21 will be conducted on 08/06/2021. We request active participation for the same.

## PREAMBLE

The Department of Pharmaceutics, The Oxford College of Pharmacy conducted the webinar on "In Vivo & In Vitro Considerations in The Dosage Form Development" for the students, scholars and teaching faculties. There were totally around 230 participants, whereas the students and faculty have assembled in seminar hall no. 505 and the resource person has joined through MS teams platform through online mode.

The consideration of both in vitro and in vivo parameters is essential as it aids in predicting the drug performance with respect to oral formulations. Consequently, such correlations will minimize the need of both animal and human experiments in drug development process.

Ramana Murthy, K.V., Ph.D. Senior Professor (Stage 6) & Principal (Retired) A.U. College of Pharm. Sciences, Andhra University, delivered the lecture.

### The content delivered in the webinar is as follows:

The speaker of the session Dr. Ramana Murthy presented the keynote address on "In Vivo & In Vitro Considerations in The Dosage Form Development". He briefed the participants with the basic concept of biopharmaceutics, and explained mechanism of drug absorption along with the different factors affecting the absorption. He also explained the BCS classification, its importance for the selection of drug for the formulation and discussed regarding the biopharmaceutical hurdles in drug development.

He emphasized on the in-vitro in-vivo correlation (IVIVC) which has been defined by the U.S. Food and Drug Administration as "a predictive mathematical model describing the relationship between an in-vitro property of a dosage form and an in-vivo response", which has tremendously eased the development of formulation. Generally, the in-vitro property is the rate or extent of drug dissolution or release while the in-vivo response is the plasma drug concentration or amount of drug absorbed. In vitro and in vivo studies provide valuable information for all stages of biomedical research. The different mathematical models to the dissolution profile help in understanding the order and mechanism of drug release.

Webinar on "IN VIVO AND IN VITRO CONSIDERATIONS IN THE DOSAGE FORM DEVELOPMENT"

Prof. K.V. Ramana Murthy | A.U. College of Pharmaceutical Sciences

### Convective absorption

- The lipid layer is interrupted by small water-filled pores with a radius of approximately 4Å and 1 molecule with a radius of 4Å or less may pass through these water-filled pores, a process sometimes termed to as "convective absorption"
- Convective absorption is related to sieving coefficient
- Sieving coefficient is indirectly proportional to the relative sizes of the pores and the molecules

### Ion-pair absorption

- Highly ionized compounds form neutral complexes with endogenous ions of GIT (e.g. mucin) to have both required lipophilicity and aqueous solubility for passive diffusion 12

Participants: Pragna S. Kumar, abhishek (Guest), MANCHASA Y.M., Abhaya A., Ashwarya N., Chaitra R., Rajdeep kour, Sweetha R., yingraj R., T.A., AASDHLS, ADIISHCKI, ABIGAIL N. MOZHU

## OUTCOME

There were 230 participants in the webinar. Researchers has to consider various physicochemical and biopharmaceutical factors like drug solubility, particle size, permeability etc., for the development of IVIVC models that predicts in vivo drug performance. IVIVC helps in designing immediate release oral dosage forms. Further, with the help of in vitro dissolution data, the in vivo performance of a drug can be predicted. Additionally, this approach will minimize the costs associated with costly animals and human experiments. This webinar would definitely help the participants to implement the knowledge gained during webinar in their research work for fruitful results.

## INVITATION LETTER

To

Dr. Ramesh Adepu,

Principal Cum Director,

Vikas College of Pharmaceutical Sciences,

Suryapeta, Telangana

**Sub: Faculty Exchange and Collaborative Research program reg;**

Dear Dr. Ramesh Adepu,

It is my pleasure to invite you as a Guest lecturer to participate in a faculty exchange and collaborative research program at The Oxford College of Pharmacy, Bangalore. The faculty and students will utilize this time to collaborate with you on knowledge and experience.

The program will include a diverse range of activities, lectures and research collaborations. We believe that your participation in this program would provide a unique opportunity for our faculty and students to learn from your expertise and share their knowledge with you.

*P. Padma*

## PREAMBLE

The Department of Pharmacy Practice conducted the online webinar on “Clinical Research -A Scientific way for new drug development” for the students, scholars and teaching faculties. The field of Clinical research is fast growing potential sector in past few decades. Many of the Pharma professionals are finding career in Clinical research with high salary. This webinar is planned to cover all growing opportunities in the field of Clinical research. There were 113 participants, whereas the students and faculty have assembled in seminar hall no. 505 and the resource person has joined through MS teams platform through online mode.

The Speaker Dr Ramesh Adepu, has developed first indigenous Clinical Decision Support System “CliniRex” a one stop solution for evidence-based drug information and ACPE standard clinical pharmacy documentation and evaluation software to build the professional competencies among Pharm D students. CliniRex is marketed by Tychee Innovations Pvt Ltd, a startup company approved by Govt of India under his leadership as Chief Operating Officer (COO).

### The course content delivered in the webinar is as follows:

In this webinar, he covered topics related to the need of new drug development, Disease Targeting, Drug discovery stages, Drug development, Clinical Trial Phases, Approval, Good Documentation Practice, the Importance of data, NDA, Current Clinical research Market, India a preferred destination for CR, and Advantages in R&D sourcing. He pointed out that Current Clinical research Market investment Market size value in 2020 was USD 2,064.30 million, the Revenue forecast in 2025 is USD 3,125.16 million. Growth Rate expected may be CAGR of 8.7% from 2017 to 2025.

He also mentioned that India a preferred destination for CR, Location Attractiveness, Infrastructure Communications, Other Basic, Country risks/FD incentives, Political Environment, Attractive Incentives, Time Zone attractiveness. Other advantages might be People Strength, Qualifications/Capabilities, Cost Differential, English Language, Type of Skills, Work Ethics. He also listed many advantages in R&D sourcing in India.

No.6/9, 1<sup>st</sup> Cross, Begur Road, Hongasandra, Bengaluru -560 068

## OUTCOME

There were 113 participants. In the current webinar, the speaker addressed about clinical research and its role in developing new drugs. Further it establishes safety and efficacy of pharmaceutical products before they reach market. Clinical research involves well-defined 5 phases, which are essential in proving drug's safety, effectiveness, dosage and its side effects. Additionally, he spoke about Good Documentation Practice, the Importance of data, NDA, Current Clinical research Market, India a preferred destination for CR, and Advantages in R&D sourcing.

## INVITATION LETTER

To

Haindavi Kolla, HR

Manipal Hospitals

Bangalore-560017

**Sub: Application to apply for an internship**

Greetings of the day!

As the principal of The Oxford College of Pharmacy, I am writing to explore the possibility of establishing an internship program for our students with Manipal Hospitals. As a part of our academic achievements and credentials relevant to the course, I believe that an internship program with your esteemed organization would be an excellent opportunity for our students to enhance their learning experience and prepare for their future careers.

Thank you

P. Padma

## PREAMBLE

The Department of Pharmacy Practice, The Oxford college of Pharmacy conducted the webinar on "Understanding the Causes and management of Chronic Venous insufficiency (Varicose Veins)" for the students, scholars and teaching faculties. There were 152 participants in the webinar, whereas the students and faculty have assembled in seminar hall no. 505 and the resource person has joined through MS teams platform through online mode.

The management of any disease is 100% successful when completely understanding the cause. The Varicose vein is one such problem faced by many people. But many of them don't know it is caused due to their life style. This webinar focused the topic to understand the cause of varicose vein and finding solution at the early stage of the disease. The webinar speaker Mr. Prabakar is well experience in the field of community pharmacy services in the Middle East country Oman, since from the past 20 years. He is expert in patient counseling for medication administration, drug interaction. As marketing of pharmaceutical product specialist, he is expert with various pharmaceutical therapeutic management such as Oncology, Anesthetic, Hemostatic agents, Immunomodulators, Venotonic agents, PPI, Antibiotics, and Hematology segment.

### **The course content delivered in the webinar is as follows:**

In this webinar, the speaker covered topics related to the need of understanding the cause of varicose vein and finding solution and treatment at the early stage of the disease. He pointed out various risk factors of the disease the effect of sedentarism, prolonged standing or sitting at work increase the risk of disease varicose vein. He explained in the initial about the normal venous anatomy and functions. Normally the venous blood is pumped out in the leg by calf muscle action. The venous valve determines the direction of blood flow to the heart and prevents the flow of blood backward. He said the chronic venous insufficiency is abnormal blood flow in the lower extremities.

Some of the predisposing factors are the lack of exercise, genetic predisposition, aging, female gender, standing occupation, smoking, obesity, pregnancy, etc. He also mentioned that the untreated venous insufficiency results in the gradual loss of cosmesis, persistent pain and discomfort, hemorrhage, superficial thrombosis, progressive skin changes. The disease progression can be divided into stages, C0 to C6. He also told the stage C1

Accredited by NAAC and International Accreditation Organization (IAO)

contain reticular vein, C2 varicose vein, C3 Edema of left leg, C4 pigmentation or eczema, C5 Eczema and healed leg ulcer, C6 skin changes with active venous ulcer.

For the treatment Angiologist must be contacted. Some of the treatment options are thermoablation, chemical ablation, surgery-ligation. He mentioned many drugs used in the therapy, like, MPFF, diosmin, Rutin, Rutoside, alpha- Coumarin, some saponins Escin, Ruscus extract, Plant extracts like Ginkgo anthocyanins. Some synthetic products like Naftazone, Benzaron. He also mentioned about corona phlebotactica is the latest addition in the venous insufficiency disease stage. This is caused due to the inactive indoor lifestyle caused due to corona lockdown conditions and long term online working culture. He also introduced few questionnaires developed to understand the stage of progressive chronic venous insufficiency disease. Finally, Mr. P Prabakar interacted and answered all the queries and doubts asked by participants. The overall organization and deliverance of the webinar was helpful and satisfied the participants.

### 02 Clinical presentation of CveD

Disease progression<sup>1</sup>

Grade <sup>1</sup>	C0	C1	C2	C3	C4	C5	C6
Clinical signs <sup>1</sup>	No visible pathologic signs at venous level	Tender, pain at palpation vein	Visible veins dilated from reflux due to a dilatation of femoral vein	Edema	Chronic skin and subcutaneous tissue alterations, telangiectasia, C4x and C4y are the signs of severe disease due to dilation secondary of venous disease	Skin changes as defined in C5 with healed venous ulcers	Sign of venous reflux in C6, with active venous ulcers
	Normal vein	Varicose vein	Varicose vein	Edema of left leg	C4x hypermelanosis or atrophic changes C4y brown pigmentation	Eschara and healed leg ulcer	C6x Remission active venous ulcer
Symptoms <sup>1</sup>							

20:19 / 1:23:49

Webinar on Understanding the Causes and Management of Chronic Venous Insufficiency (varicose veins)

### IT IS IMPORTANT TO TREAT PATIENTS AT THE EARLIEST STAGES UNTIL THE REMISSION OF SYMPTOMS AND EDEMA

CONSENSUS ITALIAN 2019<sup>2</sup>

1. The treatment of patient with CVD should always include indications on the correct lifestyle to adopt.
2. All patients in CEAP clinical classes C0-C3 with symptoms may benefit from treatment with veno-active drugs (VADs).
3. Compression therapy should always be hybridized in C0-C1 in presence of symptoms, while in C2-C3 regardless their presence.
4. The veno-active therapy should be continued until the remission of symptoms and/or edema. Two months is considered as minimum period of veno-active therapy intake.
5. Veno-active drugs should be considered complementary and non-alternative to compression therapy, in particular in presence of persistent clinical manifestations of the disease.
6. In the prescription of veno-active treatment the effects of these compounds depend on symptoms and on the pathophysiological mechanism of the disease to be considered.
7. Patient's choice should be taken into consideration in order to obtain greater compliance with the treatment.

Dear Sir,

Thank you for your thought-provoking online Guest Lecture on “UNDERSTANDING THE CAUSES AND MANAGEMENT OF CHRONIC VENOUS INSUFFICIENCY (VARICOSE VEINS)” for our institution The Oxford College of Pharmacy, Bangalore. The presentation and points you were discussed during guest lecture were really helpful for most of the participants. I thank again for a truly memorable guest lecture. We hope you can join us again.

Regards,
