PREAMBLE

The Guest Lecture was organized by Department of Pharmacology by Dr. Azeez Ali Khan, Business head, CO guide Research Simplified and explained in details about opportunities in scientific and industrial research. 122 students participated in the session. The speaker expressed immense respect to the idea of research and explained how good research facilitates in the development of the society. He also emphasized on the fact that good research should be socially relevant and of contemporary nature. The speaker further highlighted the attributes and duties of a critical scholar and how the same would affect the quality of research. Some of such attributes includes being scientifically faithful with the research, objectivity, potential to edit the document and ensuring proper acknowledgement of the sources from which relevant ideas have been taken for carrying out the research. The speaker explained all the aspects with the help of illustrations and examples that provided a clearer understanding to the students with regard to the various concepts that were discussed. The speaker also exemplified on the different types of research methods which includes Prognosis research. Creative research, Experimental research and Prescriptive research. He explained the concept of internal and external criticism in research which is highly critical for a research scholar. The lecture was concluded on a very important note i.e. the different headings to be mandatory present while preparing a research proposal. The speaker mentioned that a Research scholar must always highlight the importance of the research topic as it signifies his/her expression of work and vote of thanks was given by Dr. Venkata Karthik Kumar Reddy, Assistant Professor, Department of Pharmacology. At the end of the session the feedback was taken from the participants.

PREAMBLE

A workshop on the topic “Planning and Conducting Research” was organised by Department of Pharmacognosy, The Oxford College of Pharmacy, Bengaluru. The guest speaker of the day was Dr. Murali Mohan Reddy, Co-founder, and CEO, Co-Guide. The workshop started with an inaugural address by Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy. Dr. Padmaa extended her warm welcome to the participants and resource person of the webinar. 110 students participated in the workshop. She gave a brief introduction of the college, courses and facilities provided to the students. Ms. Sravani T, Assistant Professor, Department of Pharmacognosy, The Oxford College of Pharmacy introduced the resource person of the day and read out a brief biodata of Dr. Murali Mohan Reddy, Co-founder and CEO, Co-Guide which was as follows, Dr. Murali has completed his masters in epidemiology from University of London, M. Med (Master of medicine) in Family medicine from CMC Vellore and MD in community medicine from PGI (Postgraduate Institute of Medical Education and Research), Chandigarh. He has presided over 100 plus research methodology workshops across India and mentored more than 1000 biomedical research projects. He is currently working on projects “risk and determinants of respiratory morbidity among stone sculptors, a community based retrospective cohort study and incidence and factors influencing the falls among rural elderly, a community based cross sectional study” (both funded by ICMR). Dr. Murali is highly experienced in designing and execution of biomedical research in wide range of settings. Credited with mentoring and provision of technical support to more than 1100 research projects of various levels. He is on a mission to create new age technology solutions to make the research execution easy and accessible.

Objectives of the workshop: The workshop was organized for B. Pharm, Pharm. D, and M. Pharm students and faculty of The Oxford College of Pharmacy.

- The objective of the webinar is to create new age technology solutions to make the research execution easy and accessible.
- In the present scenarios there is a strong need for researcher centric technologies; to make research easy, transparent and solution driven, to address real world problems.
- This workshop has been designed to be practical with lectures, to provide skills,

encourage participation and exchange information. Each topic for discussion of the workshop was chosen keeping in mind the future of the students who are committed towards research.

Keep this in view a one-day workshop was organised to the students of all the courses of The Oxford College of Pharmacy which can make their research journey easy and meaningful.

Conclusion, feedback, and vote of thanks.

- The objective of the webinar was to make the research simplified which was achieved.
- The topics of the session were explained by taking practical examples.
- Finally, the participants were made aware of the mysterious area which is unresolved.

Feedback was taken from the participants which helps to improve the quality of the sessions conducted in future. This was followed by a vote of thanks from Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy. She thanked the speaker for justifying the topic taken and increasing the knowledge of the students on the topic of Planning and conducting research. Finally, the session was ended with a valedictory function by presenting certificates to few students and a memento was presented to the speaker by Principal, Dr. Padmaa as a token of appreciation. Mrs. Sravani ended the workshop by a vote of thanks. She thanked the speaker on behalf of The Oxford Group of Institutions, Principal, Dr. Padmaa M Paarakh and the entire fraternity of The Oxford College of Pharmacy.

PREAMBLE

A session on "Communication skill on How to make a good first impression at work" was conducted on the 19/07/2023 by Bheemeshwar Reddy, Placement officer, The Oxford College of Engineering Bangalore. Mr. Bheemeshwar Reddy was the Facilitator for the Seminar. Mrs. Nagalakshmi, Training Coordinator, from the Department of Pharmacology were present. The seminar was attended by 80 students from final year B. Pharm, M. Pharm and Pharm D. The purpose of the seminar was to give an idea about how to make a good first impression at work. Trainer discussed some key elements regarding making a good first impression at work was crucial for building positive relationships with your colleagues and superiors. The speaker discussed about how to dress appropriately, Punctuality, active listening, build confidence, not to be arrogant, communicate effectively. He also explained that taking some initiatives, being a team player, interacting with team, time management and building a positive attitude would help in building a great career.

Mr. Bheemeshwar Reddy summarized the objective of the seminar. Students were given the task to write a cover letter and email to Mr. Bheemeshwar Reddy. Lastly feedback was taken from the students for the session.

OUTCOME OF THE PROGRAMME

The program was designed to help students understand the key elements necessary for making a strong first impression at work. Through the session, students learned various essential skills, including effective communication, maintaining a positive attitude, time management, and appropriate dressing. Additionally, they were taught how to work as a team player, build rapport within the workplace, and develop their careers. This comprehensive training equipped students with the knowledge and skills needed to thrive in a professional environment. A total of 80 students actively participated in the session.

PREAMBLE

The student orientation programme is initiated for the integration of the newly admitted students. The Program began with the general Induction Program at The Oxford College of Pharmacy, Bangalore auditorium. 81 students participated in the event. The Orientation Program was organized for the first B. Pharm and Pharm D students. It was a one-week Program conducted started from 21/09/2022. Day 1 commenced with the general introduction about The Oxford College of Pharmacy by our Principal Dr. Padmaa M Paarakh. It was followed by the Session on Academic details. She outlined the rules and regulations of the institution, curricular aspects, detail about the examination patterns which includes both continuous and internal assessment. The afternoon session was about the student's introduction which was handled by the class coordinators. Day 2 started with the introduction to different departments. Mrs. Uma Prabha, Class Coordinator gave an outline about the Pharmaceutics department followed by Ms. Vishnupriya explained about Pharmaceutical Chemistry and Dr. Noopur Srivastava gave brief information on the department of Pharmacology. The communication skills session was handled by Mrs. Uma Prabha, Department of Pharmaceutics. Day 2 sessions came to an end with the language assessment by Ms. Jessy Koshy, Assistant Professor, The Oxford College of Engineering Bangalore. The scope and opportunities of pharmacy were elaborated by the placement officer Dr. Vikram on Day 3. Dr. Padmaa M Paarakh detailed on the department of Pharmacognosy. The student teacher interactive meeting was held to give an outline about the student council and various club activities. Dr. Padmaa M Paarakh interacted with the students on the general rules and code of the institution. The Class coordinators described the learning skills to be acquired by the students on day 4. Dr. Parthasarathy gave an introductory session on the Department of Pharmacy Practice and the employment opportunities for Pharm D students. During this program, students had one on one interaction with class coordinator with their biodata. The session ended up with the collection of feedback.

PREAMBLE

The Oxford College of Pharmacy, organized a one-week Orientation Programme for 27 students newly joining the M. Pharm Programme. The event began with an inauguration on 30/11/2022. The main aim of this event was to warmly welcome and introduce the new batch of aspiring pharmacists to the academic community. During the program, students received important information, guidance, and inspiration for their upcoming educational journey. The Inaugural Function was graced by Dr. K M Ravi Kumar Chief Guest at the event. Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy, presided over the function, emphasizing the university's dedication to nurturing future pharmaceutical professionals.

The program started with a warm welcome for the incoming students, who were filled with enthusiasm and curiosity, by Dr. K M Ravi Kumar, Director, The Oxford College of Pharmacy. He shared his valuable insights into pharmaceutical research and development, the growth of the Indian pharmaceutical industry, and the promising opportunities for pharmacists in the field of medical devices and more. He also shared his personal experiences, challenges, and successes, motivating the students to explore and contribute to advancements in healthcare and medicine while emphasizing the importance of innovation and entrepreneurship. Dr. Padmaa M Paarakh, in her presidential address, highlighted the significance of pursuing higher education in pharmacy and its role in building a rewarding career in the healthcare industry. She also stressed the importance of extracurricular and co-curricular development alongside regular academic growth. The Orientation Programme concluded on a positive note, with the students feeling excited and well-prepared to begin their academic journey in the esteemed M. Pharm Programme at The Oxford College of Pharmacy. The guidance and encouragement from the distinguished guests further fueled their determination to excel in their studies and make a positive impact in the field of pharmacy. The Inaugural Programme ended with a Vote of Thanks by Mrs. Chanda Ranjan, Coordinator of the Orientation Programme, 2022.

PREAMBLE

The student orientation programme is initiated for the integration of the newly admitted students. The Program began with the general Induction Program at The Oxford College of Pharmacy, Bangalore auditorium. 25 students participated in the program. The Orientation Program was organized for the first B. Pharm and Pharm D students. It was a one-week Program conducted started from 21/09/2022. Day 1 commenced with the general introduction about The Oxford College of Pharmacy by our Principal Dr. Padmaa M Paarakh. It was followed by the Session on Academic details. She outlined the rules and regulations of the institution, curricular aspects, detail about the examination patterns which includes both continuous and internal assessment. The afternoon session was about the student's introduction which was handled by the class coordinators. Day 2 started with the introduction to different departments. Mrs. Uma Prabha, Class Coordinator gave an outline about the Pharmaceutics department followed by Ms. Vishnupriya explained about Pharmaceutical Chemistry and Dr. Noopur Srivastava gave brief information on the department of Pharmacology. The communication skills session was handled by Mrs. Uma Prabha, Department of Pharmaceutics. Day 2 sessions came to an end with the language assessment by Ms. Jessy Koshy, Assistant Professor, The Oxford College of Engineering Bangalore. The scope and opportunities of pharmacy were elaborated by the placement officer Dr. Vikram on Day 3. Dr. Padmaa M Paarakh detailed on the department of Pharmacognosy. The student teacher interactive meeting was held to give an outline about the student council and various club activities. Dr. Padmaa M Paarakh interacted with the students on the general rules and code of the institution. The Class coordinators described the learning skills to be acquired by the students on day 4. Dr. Parthasarathy gave an introductory session on the Department of Pharmacy Practice and the employment opportunities for Pharm D students. During this program, students had one on one interaction with class coordinator with their bio data. The session ended up with the collection of feedback.

PREAMBLE

The Oxford College of Pharmacy has conducted a Guest Lecture on "IMPORTANCE OF WRITING GPAT EXAM AND ITS BENEFIT TO THE STUDENTS" by Dr. Dinesh Neeradi, Director, Masters Academy, Hyderabad for the students of Pharmacy IV year on 31/10/2022, at The Oxford College of Pharmacy, Bangalore. 60 students participated in the session. Dr. Dinesh explained students not to stop their education at B. Pharmacy level. Encouraged them to pursue M. Pharmacy by saying that M. Pharm graduates have a wide range of work opportunities and career paths to choose from. He mentioned that Admission into Pharmacy course in Karnataka state is based on entrance exams like GPAT and PGCET. However, there are some seats may be allotted based on the marks secured by a candidate in his/her graduation under management quota. Dr. Dinesh explained about GPAT exam as one of the main competitive examinations which have multiple advantages, where he mentioned that; Student will be eligible to apply to the premier institutes of India like ICT, BITS Pilani, NIPER, IIT BHU, Other Universities and Affiliated colleges. etc. The exam is conducted for admissions to 24000 seats of M. Pharm programs offered by as many as 841 pharmacy institutes across the country. Student will be eligible for MHRD (Ministry of Human Resource Development), Govt. of India scholarship for doing masters degree. Student will be eligible for a monthly stipend of Rs 12,400. If the student is research oriented, they can get an admission for Ph.D on the basis of the GPAT score provided you take admission just after PG. In that case, your GPAT score will be valid for 3 years. JRF (Junior Research Fellowship) - student can join in a project of Pharmaceutical Sciences and related subjects. Pharmacist - GPAT is not for entry into the job of "Pharmacist" but if you have qualified GPAT, your chances of qualifying the "Pharmacist" examination will be more. Post graduation through GPAT or PGCET. 60 students from IV-year B. Pharmacy have attended the Guest Lecture and gained the knowledge on importance of GPAT. Later the regular coaching classes were conducted by college faculty as per schedule.

PREAMBLE

The Oxford College of Pharmacy has conducted a Guest Lecture on “IMPORTANCE OF WRITING NIPER EXAM AND ITS BENEFIT TO THE STUDENTS” by Dr. Dinesh Neeradi, Director, Masters Academy, Hyderabad for the students of Pharmacy IV year on 31/10/2022, at The Oxford College of Pharmacy, Bangalore. 60 students participated in the session. Dr. Dinesh explained students not to stop their education at B. Pharmacy level. Encouraged them to pursue M. Pharmacy by saying that M. Pharm graduates have a wide range of work opportunities and career paths to choose from. He mentioned that Admission into Pharmacy course in India is based on entrance exams like NIPER. However, there are some seats may be allotted based on the marks secured by a candidate in his/her graduation under management quota. Dr. Dinesh explained about NIPER exam as one of the main competitive examinations which have multiple advantages, where he mentioned that; Student will be eligible to apply to the premier institutes of India like ICT, BITS Pilani, NIPER, IIT BHU, Other Universities and Affiliated colleges. etc. The exam is conducted for admissions to 1050 seats of M. Pharm programs offered by as many as 07 pharmacy institutes across the country. Student will be eligible for a monthly stipend of Rs 12,400. 60 students from IV-year B. Pharmacy have attended the Guest Lecture and gained the knowledge on importance of NIPER.

PREAMBLE

A session on 'Soft skill training program on importance of profession ready training' was conducted on the 21/10/2021 by the Placement officer, The Oxford College of Engineering Bengaluru. Mr. Bheemeshwar V Reddy was the Facilitator for the Seminar. Mrs. Divya S, Training Coordinator, from the Department of Pharmaceutics was present. The seminar was attended by 215 students from final year B. Pharm, M. Pharm and Pharm D. The purpose of the seminar was to give an idea about how to make a good first impression at work. Trainer discussed some key elements regarding the session the session. He mentioned that making a good first impression at work is crucial for building positive relationships with your colleagues and superiors. He discussed about the importance of being punctual at work, dressing appropriately, being respectful at work and showing initiative will help in building good impression at work. He also explained about the importance of active listening, being confident, effective communication and being a team player were some of the skills to be inculcated for betterment at work place. He summarized the objective of the seminar. Students were given the task to write a cover letter and email to Mr. Bheemeshwar V Reddy. Lastly feed backs were taken from the students for the session.

PREAMBLE

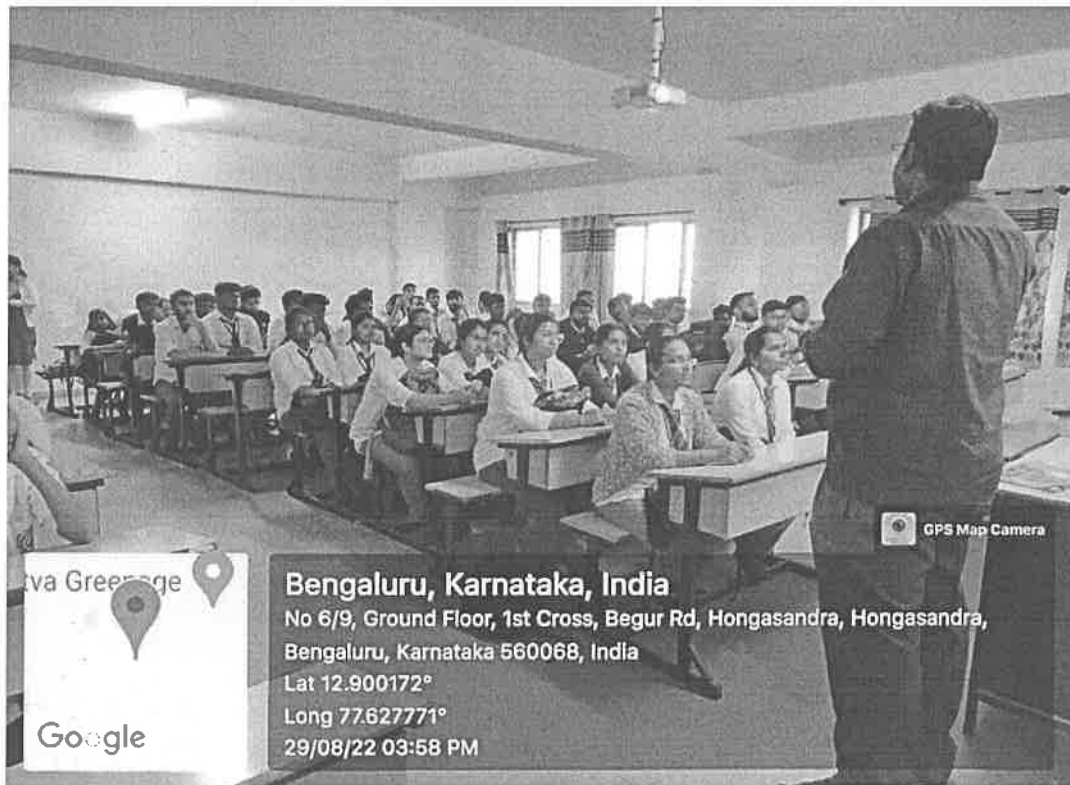

A session on “Communication skill on How to make a good first impression at work” was conducted on 29/08/2022 by Bheemeshwar V Reddy, Placement officer, The Oxford College of Engineering Bangalore. Mr. Bheemeshwar Reddy was the Facilitator for the Seminar. Mrs. Nagalakshmi, Training Coordinator, from the Department of Pharmacology was present. The seminar was attended by 50 students from final year B. Pharm, M. Pharm and Pharm D. The purpose of the seminar was to give an idea about how to make a good first impression at work. Trainer discussed some key elements regarding making a good first impression at work was crucial for building positive relationships with your colleagues and superiors. Effective communication skills play a crucial role in shaping perceptions and building relationships in the workplace. This session aimed to provide valuable insights and practical strategies on how to create a lasting impact through effective communication, from the moment you step into the workplace. By focusing on key elements such as attire, punctuality, greetings, active listening, respect, confidence, and teamwork, participants will gain the tools and techniques necessary to make a strong first impression and set the stage for success in their professional endeavors. Mr. Bheemeshwar V Reddy summarized the objective of the seminar. Lastly, feedback was taken from the students for the session.

PREAMBLE

The Oxford College of Pharmacy in Bengaluru conducted a one-week orientation program for its newly admitted B. Pharm and Pharm. D students. The program commenced with a general induction session, during which the college's principal, Dr. Padmaa M Paarakh, introduced the students to the institution. She also provided detailed information on the academic aspects, including the institution's rules and regulations, curricular aspects, and examination patterns that include both continuous and internal assessments. 98 students participated in the program. The following day was dedicated to introducing the students to the different departments of the college. The class coordinators provided an overview of the Pharmaceutics, Pharmaceutical Chemistry, and Pharmacology departments. Mrs. Uma Prabha, the Class Coordinator of the Department of Pharmaceutics, conducted the communication skills session, while Ms. Vishnupriya introduced the Pharmaceutical Chemistry department. Dr. Noopur Srivastava gave a brief overview of the Pharmacology department. Additionally, the students underwent a language assessment by Ms. Jessy Koshy, an Assistant Professor at The Oxford College of Engineering, Bengaluru.

On day three, the placement officer, Dr. Vikram, elaborated on the scope and opportunities available in the field of pharmacy. Dr. Padmaa M Paarakh also provided detailed information on the Department of Pharmacognosy. The day was concluded with a student-teacher interactive meeting that outlined the student council and the various club activities available at the institution. The Class Coordinators conducted the meeting.

Day four was dedicated to the learning skills that the students needed to acquire while studying at the college. Dr. Parthasarathy provided an introductory session on the Department of Pharmacy Practice and the employment opportunities available for Pharm D students. During this program, the students had a chance to interact one-on-one with the class coordinators regarding their bio-data. The program concluded with the collection of feedback from the students.

OUTCOME OF THE PROGRAMME

The Orientation Programme for 98 B. Pharm students was received with great enthusiasm. The Principal provided a comprehensive overview of the academic procedures, including the subjects to be studied throughout the course and details about the sessional examinations. By the conclusion of the session, students had gained valuable insights into the upcoming academic sessions, the significance of attending seminars and conferences, and the diverse career opportunities available in the field of pharmacy.

PREAMBLE

The Oxford College of Pharmacy recently a one-week orientation program for new M. Pharm students. The event kicked off with an inauguration on 30/11/2021 and aimed to warmly welcome and introduce the incoming batch to the academic community. The program provided crucial information, guidance, and inspiration for students as they embarked on their educational journey. Distinguished guests, including Dr Ramesh Paranjape, shared valuable insights into pharmaceutical research and development, the growth of the Indian pharmaceutical industry, and the promising opportunities for pharmacists in the field of medical devices, among others. Dr. Padmaa M Paarakh highlighted the significance of pursuing higher education in pharmacy and its role in building a rewarding career in the healthcare industry, emphasizing the importance of extracurricular and co-curricular development alongside regular academic growth. The Orientation Programme concluded on a positive note, with students feeling excited and well-prepared to begin their academic journey in the esteemed M. Pharm Programme at The Oxford College of Pharmacy. The guidance and encouragement from the distinguished guests further fuelled their determination to excel in their studies and make a positive impact in the field of pharmacy. The Inaugural Programme ended with a vote of thanks by Mrs. Chanda Ranjan, Coordinator of the Orientation Programme, 2021.

OUTCOME OF THE PROGRAMME

The M. Pharm students were highly engaged during the orientation program, and their eagerness to learn was truly motivating. Following the program, 13 students gained a solid understanding of the subjects covered in the M. Pharm course, as well as the practical applications of those topics. The speaker offered invaluable insights into the pharmaceutical industry, including career opportunities and key skills for successful interviews. Overall, the program left students with a deeper appreciation for pharmaceutical research and development, as well as the many opportunities available in this field. We are proud of their progress and achievements.

PREAMBLE

Student Orientation Programme is initiated for the integration of the newly admitted students. The program began with the general induction program at The Oxford College of Pharmacy, Bengaluru Auditorium. The Orientation Program was organized for the first Pharm D students. It was a one-week program conducted from 07-10-2021. Day 1 commenced with a general introduction about The Oxford College of Pharmacy by our Principal, Dr. Padmaa M Paarakh. The session on academic details followed it. She outlined the rules and regulations of the institution, curricular aspects, and details about the examination patterns, which include both continuous and internal assessment. The afternoon session was about the students' introduction, which the class coordinators handled.

Day 2 started with the introduction to different departments. Dr. Gururaj S Kulkarni gave an outline of the Pharmaceutics department, followed by Dr Nagalakshmi G., who explained Pharmaceutical Chemistry, and Ms. Nagalakshmi R. gave brief information on the department of Pharmacology. Day 2 sessions came to an end with the language assessment by Ms Jessy Koshy, Assistant Professor, The Oxford College of Engineering Bengaluru. The placement officer, Dr Vikram, on D, elaborated on the scope and opportunities of pharmacy 3. Dr. Padmaa M Paarakh detailed the Department of Pharmacognosy. A student-teacher interactive meeting was held to give an outline of the student council and various club activities. Dr Padmaa M Paarakh interacted with the students regarding the general rules and the institution's code. The Class coordinators described the learning skills to be acquired by the students on day 4. Dr. Parthasarathy gave an introductory session on the Department of Pharmacy Practice and the employment opportunities for Pharm D students. During this program, students had a one-on-one interaction with the class coordinator with their bio-data. The session ended with the collection of feedback.

PREAMBLE

A Program on the topic “Planning and Conducting Research” was organised by Department of Pharmacognosy, The Oxford College of Pharmacy, Bengaluru. The guest speaker of the day was Mr. Vishal Choudhari, head of operations, Clini India. The event was attended by 165 participants. The program started with an inaugural address by Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy. Dr. Padmaa extended her warm welcome to the participants and resource person of the webinar. She gave a brief introduction of the college, courses and facilities provided to the students. Ms. Sravani T, Assistant Professor, Department of Pharmacognosy, The Oxford College of Pharmacy introduced the resource person of the day and read out a brief biodata of Mr. Vishal Choudhari, head of operations, Clini India. He has presided over 100 plus research methodology programs across India and mentored more than 1000 biomedical research projects. He is currently working on projects “risk and determinants of respiratory morbidity among stone sculptors, a community based retrospective cohort study and incidence and factors influencing the falls among rural elderly, a community based cross sectional study” (both funded by ICMR).

Objectives of the program: The program was organized for B. Pharm, Pharm D, and M. Pharm students and faculty of The Oxford College of Pharmacy.

- The objective of the webinar is to create new age technology solutions to make the research execution easy and accessible.
- In the present scenarios there is a strong need for researcher centric technologies; to make research easy, transparent and solution driven, to address real world problems.
- This program has been designed to be practical with lectures, to provide skills, encourage participation and exchange information. Each topic for discussion of the program was chosen keeping in mind the future of the students who are committed towards research.

Keeping this in view a one-day program was organised to the students of all the courses of The Oxford College of Pharmacy which can make their research journey easy and meaningful. The program was attended by around 165 students of various courses and 10 faculty form various departments.

Conclusion, feedback and vote of thanks.

- The objective of the webinar was to make the research simplified which was achieved.
- The topics of the session were explained by taking practical examples.
- Finally, the participants were made aware of the mysterious area which is unresolved.

Feedback was taken from the participants which helps to improve the quality of the sessions conducted in future. This was followed by a vote of thanks from Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy. She thanked the speaker for justifying the topic taken and increasing the knowledge of the students on the topic of Planning and conducting research. Finally, the session was ended with a valedictory function by presenting certificates to few students and a memento was presented to the speaker by Principal, Dr. Padmaa as a token of appreciation. Mrs. Sravani ended the program by a vote of thanks. She thanked the speaker on behalf of The Oxford Group of Institutions, Principal, Dr. Padmaa M Paarakh and the entire fraternity of The Oxford College

When the Values of Dependent Variable is only known:

- ✓ Imagine that values of Biological Activity arising from 7 different experiments are given.
- ✓ In such a situation you would predict the BA based on the mean value.
- If we plot,
 - ❖ BA on Y-axis.
 - ❖ No. of Experiments on X-axis and the mean value is 8.
 - ❖ There being no value for X i.e., $X=0$

Computational Chemistry

- The cost of research and development of a single new drug would be in the range of 2.6 billion dollars or 260 crores in rupee terms.
- This cost includes the cost of failures of the thousands and sometimes millions of compounds that might be synthesised and screened early in the R&D (Research and Development) process.

PREAMBLE

A session on "Communication skill on goal setting: Setting achievable goals, creating action plans, and monitoring progress" was conducted on the 20/01/2022 by Mr. Venkataswamy Research Associate, Business one Technologies, Bangalore. Mr. Venkataswamy was the Facilitator for the Seminar. Mrs. Nagalakshmi, Training Coordinator, from the Department of Pharmacology were present. The seminar was attended by 112 students from final year I B. Pharm, and I Pharm D. Goal setting is a fundamental aspect of personal and professional development, enabling individuals to strive towards desired outcomes and objectives. However, setting goals is not merely about stating intentions; it requires a structured approach involving the establishment of achievable goals, the creation of actionable plans, and the diligent monitoring of progress. This session aims to focus on the key components of effective goal setting and provide insights into best practices for setting achievable goals, creating action plans, and monitoring progress. Mr. Venkataswamy summarized the objective of the seminar, emphasizing the importance of setting achievable goals that are specific, measurable, attainable, relevant, and time bound. He urged students to create actionable plans by breaking down goals into manageable tasks, prioritizing them, allocating resources effectively, and developing contingency plans. Additionally, he highlighted the significance of monitoring progress regularly to ensure goals are being pursued effectively.

OUTCOME OF THE PROGRAMME

The program was organized with the aim of helping students grasp the essence of effective goal setting, which encompasses establishing achievable goals, creating actionable plans; and diligently monitoring progress. 112 students participated in the session. By adhering to these key principles and best practices, students can enhance their ability to realize both personal and professional aspirations and objectives. It's crucial to understand that goal setting isn't just a theoretical exercise; rather, it's a dynamic process demanding dedication, perseverance, and adaptability to achieve meaningful outcomes.

PREAMBLE

The Oxford College of Pharmacy in Bengaluru, hosted a career counselling session for first-year students pursuing B. Pharm and Pharm D degrees. The objective was to provide insight into the various opportunities and trends within the field of pharmacy following graduation. As the resource person for the session, Mrs. Mamatha K - HOD of the Department of Pharmacognosy at Mallige College of Pharmacy - delivered a highly informative and thought-provoking talk. 110 students attended the session.

During her presentation, Mrs. Mamatha K stressed the importance of identifying one's capabilities and potential when selecting a career path. She also provided valuable insights on how to focus on a chosen career and how to make that dream a reality. Mrs. Mamatha K's talk was not just theoretical - she substantiated her points by citing examples of successful individuals who achieved great heights despite having limited facilities and financial support. Her session was inspiring and motivating for the students who attended.

This career counselling session was of great significance as it helped students understand the opportunities and potential within the field of pharmacy. Additionally, it provided them with guidance on how to approach their career and what to expect in the future. Overall, the session was enlightening, and the students gained valuable information and guidance.

PREAMBLE

The Oxford College of Pharmacy has conducted a Guest Lecture on "IMPORTANCE OF WRITING GPAT EXAM AND ITS BENEFIT TO THE STUDENTS" by Dr. Dinesh Neeradi, Director, Masters Academy, Hyderabad for the students of Pharmacy IV year on 30/10/2021, at The Oxford College of Pharmacy, Bengaluru. The students participated in the session. Dr. Dinesh explained students not to stop their education at B. Pharmacy level. Encouraged them to pursue M. Pharm by saying that M. Pharm graduates have a wide range of work opportunities and career paths to choose from. He mentioned that admission into pharmacy course in Karnataka state is based on entrance exams like GPAT and PGECET. However, there are some seats may be allotted based on the marks secured by a candidate in his/her graduation under management quota. He explained about GPAT exam as one of the main competitive examinations which have multiple advantages, where he mentioned that; Student will be eligible to apply to the premier institutes of India like ICT, BITS Pilani, NIPER, IIT BHU, Other Universities and Affiliated colleges. Etc. The exam is conducted for admissions to 24000 seats of M. Pharm programs offered by as many as 841 pharmacy institutes across the country.

Student will be eligible for MHRD (Ministry of Human Resource Development), Govt. of India scholarship for doing master's degree. Student will be eligible for a monthly stipend of Rs 12,400. If the student is research oriented, they can get an admission for Ph.D. on the basis of the GPAT score provided you take admission just after PG. In that case, your GPAT score will be valid for 3 years.

JRF (Junior Research Fellowship) - student can join in a project of Pharmaceutical Sciences and related subjects. Pharmacist - GPAT is not for entry into the job of "Pharmacist" but if you have qualified GPAT, your chances of qualifying the "Pharmacist" examination will be more. Post-graduation through GPAT or PGECET. 110 students from IV-year B. Pharmacy have attended the Guest Lecture and gained the knowledge on importance of GPAT. Later the regular coaching classes were conducted by college faculty as per schedule.

PREAMBLE

The Oxford College of Pharmacy in Bengaluru organized a one-week orientation program for newly admitted B. Pharm and Pharm D students. The program began with a general induction session, where the college's principal, Dr. Padmaa M Paarakh, acquainted the students with the institution. She provided detailed information on academic aspects, including the institution's rules and regulations, curricular aspects, and examination patterns, which encompass continuous and internal assessments.

The subsequent day focused on introducing students to different departments of the college. Class coordinators provided overviews of the Pharmaceutics, Pharmaceutical Chemistry, and Pharmacology departments. Mrs. Uma Prabha, the Class Coordinator of the Department of Pharmaceutics, conducted a communication skills session, while Ms. Vishnupriya introduced the Pharmaceutical Chemistry department. Dr. Noopur Srivastava offered insights into the Pharmacology department. Additionally, students underwent a language assessment by Ms. Jessy Koshy, an Assistant Professor at The Oxford College of Engineering, Bangalore.

On the third day, the placement officer, Dr. Vikram, discussed the scope and opportunities in the pharmacy field. Dr. Padmaa M Paarakh also provided detailed information on the Department of Pharmacognosy. The day concluded with a student-teacher interactive meeting, outlining the student council and various club activities available at the institution, facilitated by the Class Coordinators.

Day four was dedicated to learning skills required by students during their college studies. Dr. Parthasarathy introduced the Department of Pharmacy Practice and employment opportunities for Pharm D students. Students also had one-on-one interactions with class coordinators regarding their bio-data. The program concluded with collecting feedback from the students.

OUTCOME OF THE PROGRAMME

The Orientation Program for B. Pharm students was attended by 101 students. The Principal provided a comprehensive overview of academic procedures, including the subjects to be studied throughout the course and details about the sessional examinations. By the conclusion of the session, students had gained valuable insights into the upcoming academic sessions, the significance of attending seminars and conferences, and the diverse career opportunities available in the field of pharmacy.

OUTCOME OF THE PROGRAMME

The program has yielded significant benefits for participating students, enabling them to adopt a more structured and focused approach to study for the GPAT exam. 71 students were benefited from the programme. Consequently, they have developed a deeper understanding of the subject matter and are now better equipped to prepare effectively. Additionally, the program has offered valuable insights into eligibility criteria, syllabus content, and scholarship benefits associated with the exam. Overall, the program has been successful in aiding students' preparation for the GPAT exam and in helping them achieve their academic goals.

PREAMBLE

A workshop on Personality Development and Career Planning was conducted by the Department of Pharmaceutical Chemistry on 27th February 2020. The objective of the workshop was to increase students' confidence and enhance their interviewing skills, preparing them for college-level and external interviews essential for establishing themselves in the pharmaceutical sciences market. The event was fruitful, and students appeared ready to accept the challenges of life. The event began at 9:00 AM with the registration of delegates. The session was inaugurated at 9:30 AM by Dr. Padmaa M. Paarakh, Principal of The Oxford College of Pharmacy, Bangalore. In her welcome speech, she mentioned Sri S. N. V. L. Narasimha Raju, President of the Children's Education Society (R), in his absence, and welcomed Ms. Aakanchha from the Indian Institute of Technology, Kanpur, the resource person for the event. She also acknowledged Dr. Veerendra Yeligar, Professor of the Department of Pharmaceutical Chemistry, and Dr. Jyoti Shrivastava, Organizing Secretary of the workshop. The event was coordinated by team members of the department: Dr. Nagalakshmi, Ms. Durga V, Ms. Saloni Desai, Mrs. Visnupriya, and Ms. Tanuja. Over 230 delegates, including teachers and students, attended the workshop.

Ms. Aakanchha delivered the first two sessions on "Motivation and Realization of the Importance of Soft Skills" and "Communication and Interpersonal Skills." A tea break followed these sessions. At 11:10 AM, she conducted the third session on "Memory Power," explaining its importance through an engaging game. At 12:00 PM, she started the next session on "Emotional Intelligence," involving all participants in a demonstration, which they enjoyed. A lunch break was given at 12:50 PM. The afternoon session focused on "Interview Skills and Group Discussions," followed by a tea break at 2:20 PM. At 2:30 PM, the sixth session began on "Confidence." The last session was conducted on "Motivation for Life," concluding a day filled with valuable insights and practical advice for the students. The valedictory function commenced at 3:30 PM, with Ms. Jincy Jiji Jones and Mr. Mustafa Aziz serving as the anchors for the event. Dr. Padmaa M. Paarakh, Principal of The Oxford College of Pharmacy, Bangalore, presided over the function and honored Ms. Aakanchha. Dr. Paarakh shared her views on the current needs and the importance of such workshops and seminars. She praised the events of the seminar and acknowledged the efforts of the Department of Pharmaceutical Chemistry for organizing the event. Following her address, student representatives from each

year expressed their learning experiences and insights gained from the workshop. All students pledged to apply these learnings in their future endeavors. A token of respect was presented by Dr. Veerendra Yeligar, Organizing Secretary of the workshop, to Dr. Padmaa M. Paarakh, and certificates were distributed to all participants. Dr. Jyoti Srivastava, Organizing Secretary and Associate Professor at The Oxford College of Pharmacy, Bangalore, delivered the vote of thanks. The valedictory function concluded at 3:30 PM with the national anthem. The workshop imparted essential skills to students, helping them develop personal and professional behaviors. It enhanced their knowledge regarding career planning, improved their soft skills, and taught them how to develop memory power and emotional intelligence.

OUTCOME OF THE PROGRAM

The Oxford College of Pharmacy, Bangalore, conducted a workshop on Personality Development and Career Planning. Over 230 delegates, including students and teachers, attended. The workshop aimed to enhance students' confidence, interviewing skills, and soft skills. Sessions covered motivation, communication, memory power, emotional intelligence, interview skills, and confidence building. The event concluded with praise for the organizing efforts and a commitment from students to apply their learnings in future endeavors.

PREAMBLE

A career guidance lecture was conducted on 16th March 2020 in the college auditorium at 2:00 PM for B Pharm IV-year, M Pharm II-year, V Pharm D, and II PB students. Forty students attended the program. Dr. Sheshadri Shekar facilitated the seminar. He provided students with information on various career opportunities available after completing B Pharm, M Pharm, and Pharm.D. He addressed that pharmacy graduates can secure jobs as medical representatives, production technicians, hospital pharmacists, R&D researchers, research scholars, and in clinical research, including medical coding and medical writing. Dr. Sheshadri Shekar also discussed pharmacist jobs abroad, highlighting the best countries for favorable working environments and emerging pharmacovigilance positions. The counseling concluded at 3:30 PM.

ORIENTATION PROGRAMME REPORT

The Oxford College of Pharmacy, Bangalore, organized an Orientation Programme for newly admitted pharmacy students at the institute's auditorium hall on 5th August 2019. The major objective of the programme was to inform parents and students about the academic aspects of the course, the institute's rules and regulations, and to ensure parental involvement in monitoring student performance and progress. The programme was inaugurated with the lighting of the lamp by the chairperson of the Oxford Institution, Mr. S.N.V.L. Narasimha Raju. In his speech, he emphasized that success in any aspect of life comes from working wholeheartedly. He motivated the students to set high visionary goals in their professional lives, highlighting that pharmacy is a unique profession with a service-oriented goal towards serving mankind. 125 students attended the event. Dr. Padmaa M. Paarakh, the Principal of the institute, briefed the students on the rules and regulations of the institute, urging both students and parents to understand and abide by these norms. Heads of various departments provided necessary information about the academic design of the first-year course and the university and institute rules and regulations regarding academic matters. The program concluded with a vote of thanks by Ms. Joyce, Assistant Professor in the Department of Pharmacology.

OUTCOME OF THE PROGRAM

The Oxford College of Pharmacy successfully conducted an Orientation Program for first-year students, aimed at enhancing communication and understanding between the institute, parents, and students. 125 students attended the event. The primary goal was to ensure that everyone is well-informed about academic expectations, rules, and regulations. The session was well-received and encouraged parents to actively monitor their child's performance and progress. This approach fosters a supportive environment for students to thrive academically while keeping parents engaged in their child's education.

REPORT ON GUIDANCE FOR COMPETITIVE EXAMINATION 2019-2020

The competitive examination guidance program was conducted every Saturday, for five weeks except for general holidays, from 30/11/2019. The classes took place on the fifth floor in room number 501, from 2 PM -3 PM. The eight-week program was specifically designed for pharmacy students in their final year. Participating in the program gave the students the opportunity to prepare for the GPAT exam and gain a better understanding of the exam pattern and syllabus. Moreover, it provided them with the chance to clarify their doubts and learn from experienced instructors. The program was able to help all 40 students who appeared for the exam to enhance their knowledge and skills, even though only four of them qualified.

ORIENTATION PROGRAMME REPORT

The Oxford College of Pharmacy, Bengaluru, hosted a crucial orientation program for our esteemed newly admitted pharmacy students held in the Institute's auditorium on August 5th, 2018. The program was designed to empower both parents and students with comprehensive knowledge of the academic components of the course, the Institute's policies and procedures, and how to track their child's progress and performance effectively.

The program was graced by the presence of our esteemed Chairperson, Mr. S.N.V.L Narasimha Raju, who initiated the proceedings with a lamp lighting ceremony. In his inspiring address, he underscored that success in any aspect of life is a product of dedication and passion. He further urged the students to set high standards for themselves in their careers by pointing out that pharmacy is a unique field where service to others is the driving force.

Dr. Padmaa M. Paarakh, Principal, briefed the students on the Institute's rules and regulations, requesting that the students and parents understand and abide by the institutional norms. For instance, parents are expected to ensure their child's regular attendance, support their child's academic endeavors, and communicate with the institution in case of any concerns. Heads of different departments provided the necessary information on the academic design of the first-year course and the university's rules and regulations regarding academic matters.

The program concluded with a vote of thanks from Ms. Joyce, an assistant professor, Department of Pharmacology. The event was a success, with attendees gaining invaluable insights into the course and learning about the Institute's policies and procedures.

PREAMBLE

The career guidance lecture was held in The Oxford College of Pharmacy at on March 15th, 2019. 78 students from the B Pharm IV-year, M Pharm II-year, and V Pharm D II-PB departments eagerly attended, their curiosity piqued by the promise of exploring the various career options available to pharmacy graduates.

Dr. Padmaa M. Paarakh, a highly respected expert in the field, led the lecture and provided invaluable insights into the diverse and exciting career paths that pharmacy graduates can pursue. Her extensive knowledge and experience in the field instilled confidence in the students, as she highlighted several potential job roles, such as medical representative, production technician, hospital pharmacist, R&D, research scholar, clinical researcher, medical coding, and medical writer. Moreover, Dr. Padmaa shared practical information about job opportunities available abroad and discussed the best countries for pharmacists to work in. The lecture also covered the growing importance of pharmacovigilance positions in today's healthcare industry, which was particularly insightful. The students left the lecture with a clear understanding of the diverse career paths that await them in the field of pharmacy and the potential job opportunities available to them. The lecture, a beacon of knowledge, was an excellent opportunity for students of The Oxford College of Pharmacy to discover the numerous possibilities available to them and make informed career decisions, empowering them with the confidence to shape their futures. The discussion of these potential career paths left the students feeling hopeful and inspired.

PREAMBLE

On 11th February 2019, The Department of Pharmacognosy at The Oxford College of Pharmacy held a career counseling event on "Career Opportunities in Bioclinica." Mr. Dhaneswara Rao delivered the lecture to 93 fourth-year B.Pharm students. During the session, Mr. Rao provided a valuable overview of Bioclinica company profile and policies, as well as highlighted the potential career paths for B Pharmacy graduates. These paths included key roles in drug safety pharmacovigilance, SAS programming, pharmacovigilance, and clinical project management. The lecture concluded at 11:00 AM, and the attending students found Mr. Rao's informative and engaging presentation to be valuable. The Department of Pharmacognosy was pleased to have hosted such an insightful event, which undoubtedly provided students with a better understanding of the industry's career opportunities.

PREAMBLE

On March 8th, 2019, The Oxford College of Pharmacy, Department of Pharmacognosy hosted a guest lecture titled "Career Opportunities in Med Plus." The lecture, commenced at 10:00 AM, and was presented by Mr. Kiran Kumar, Head HR at Med Plus in Karnataka, provided valuable insights into the company's profile and job opportunities. The seminar witnessed the attendance of 93 B. Pharm students who were keen on understanding the company's policies and exploring various career paths available for B. Pharm graduates at Med-Plus, including pharmacist positions. Mr. Kumar, with his extensive industry experience, provided a comprehensive overview of the company, its policies, and the career prospects that it offers. The lecture was an insightful session that provided the students with an excellent platform to interact with industry experts and gain an in-depth understanding of the career opportunities that lie ahead. The lecture concluded at 11:00 AM, leaving the attendees with a wealth of knowledge and a deeper insight into the workings of the pharmaceutical industry.

OUTCOME OF THE PROGRAM

The Department of Pharmacognosy at The Oxford College of Pharmacy successfully arranged a guest lecture that gave all 93 B. Pharm students insightful information on career opportunities at Med Plus. Mr. Kiran Kumar, Head HR of Med Plus in Karnataka, gave an overview of the company's mission, values, and employment opportunities, with a focus on roles for pharmacists. The students gained more knowledge from the session and were better equipped to pursue jobs in the pharmaceutical sector.

REPORT ON GUIDANCE FOR COMPETITIVE EXAMINATION 2018-2019

The competitive examination guidance program was conducted every Saturday, except for general holidays, from 17/11/2018. The classes were held in fifth floor, room number 501, from 2:00 PM -3:00 PM. The eight-week program was specifically designed for pharmacy students in their final year. Participating in the program gave the students the opportunity to prepare for the GPAT exam and gain a better understanding of the exam pattern and syllabus. Moreover, it provided them with the chance to clarify their doubts and learn from experienced instructors. The program was able to help all 93 students who appeared for the exam to enhance their knowledge and skills, even though only four of them qualified.
