## REPORT ON THE PLASTIC-FREE LAKE PROGRAMME ON WORLD WATER DAY CELEBRATION

NAME OF THE CO-ORDINATOR– MS. HEMA M

On March 23, 2024, the Action Aid Organization led the Plastic-Free Lake Programme at Chunchgatta Lake in celebration of World Water Day. The initiative aimed to raise awareness about the harmful effects of plastic pollution on water bodies and promote sustainable practices for preserving freshwater resources. The event focused on educating the public about the importance of reducing plastic waste and maintaining healthy aquatic ecosystems.

A key highlight of the event was the involvement of NSS volunteers from The Oxford College of Arts, coordinated by Hema M. Their participation showcased the youth's commitment to environmental conservation and community service. The volunteers were actively engaged in various activities, such as cleaning up plastic waste around the lake and engaging with attendees to spread awareness about the significance of protecting water resources. The event not only highlighted the urgent need to address plastic pollution but also demonstrated how collective efforts could contribute to preserving water bodies for future generations.
