Sub: Application to apply for an internship

Greetings of the day!

As the principal of The Oxford College of Pharmacy, I am writing to explore the possibility of establishing an internship program for our students with Geltec Private Limited. As a part of our academic achievements and credentials relevant to the course, I believe that an internship program with your esteemed organization would be an excellent opportunity for our students to enhance their learning experience and prepare for their future careers.

Sub: Collaborative Research program reg;

Dear Dr. Hiriyanna S Ganesh Bhat

It is my pleasure to invite you as a resource person in collaborative research program at The Oxford College of Pharmacy, Bangalore. The faculty and students will utilize this time to collaborate with you on knowledge and experience.

The program will include a diverse range of activities, lectures, workshops, and research collaborations. We believe that your participation in this program would provide a unique opportunity for our faculty and students to learn from your expertise and share their knowledge with you.

PREAMBLE

The term nitrosamine describes a class of compounds having the chemical structure of a nitrosamine group bonded to an amine. They are referred to as “cohort of concern” compounds in the ICH guidance for industry M7(R1) Assessment and Control of DNA Reactive (Mutagenic) Impurities in Pharmaceuticals. To Limit Potential Carcinogenic Risk

In 1956, two British scientists, John Barnes and Peter Magee, reported that a simple member of the large class of N-nitrosamines. Since the 1980s, the International Agency for Research on Cancer (IARC) has classified N-nitrosamines as ‘probable human carcinogens’, while ICH has considered them for several years. Until 2018 these compounds were not known to be present in sartan active pharmaceutical ingredients (APIs) and were therefore not recognized as impurities in the quality dossiers of any sartan products.

Objectives of Seminar:

To create awareness among the students about the Regulatory Updates on Nitrosamines Impurities and Nitrosamine drug substance related impurities, History and Discovery, Chemistry, Root cause, Pathway of Nitrosamine impurities, Regulatory updates, chemistry Adverse effects, Limits and Analytical Techniques of Nitrosamine Impurities

No of participants: 99

Schedule:

Time Schedule	Programme
9.50 to 10.00	Introduction about the Speaker (Dr Hiriyanna S Ganesh Bhat) and the topic.
10.00-10.50 AM	Presentation by Speaker on History and Discovery, Regulatory updates, Chemistry, Pathways of Nitrosamine impurities, NDSRIs and Analytical Techniques of Nitrosamine Impurities
10.50-11.00 AM	Interactive session with the participants
11.00-11.10 AM	Conclusion, feedback and vote of thanks

At the end of seminar, the students were aware of current affairs in Industry and it helped them to stay caution while using the Nitrosamine impurities containing drugs.

Students were motivated to attend future seminars, which helps to gain and apply their knowledge Finally, Mrs.Pavithra Devi Assistant Professor, Department of Pharmacognosy delivered the vote of thanks.

OUTCOME

There was enthusiastic participation from 96 the students and 3 Staffs. Students had participated enthusiastically in the seminar. The Seminar was conducted with an aim to increase the knowledge, competence, or confidence in current affairs in Industry and it helped them to stay caution while using the Nitrosamine impurities containing drugs. It was further emphasized that Nitrosamine impurities have to be checked for pharmaceutical formulations as Quality control check.

Dear Sir,

Thank you for your thought-provoking seminar on "ANALYTICAL STRATEGIES FOR DETECTION OF NITROSAMINE IMPURITIES AND NDSRI'S" for our institution The Oxford College of Pharmacy, Bangalore. The presentation and points you were discussed during guest lecture were really helpful for most of the participants. I thank again for a truly memorable guest lecture. We hope you can join us again.

INVITATION LETTER

To,

Khaleel Ahmed

HR

Srushti Pharmaceuticals Pvt. Ltd.

No. 154, 10th Main Road, Peenya 3rd Phase,

Bangalore-560058

Sub: Application to apply for an internship

Greetings of the day!

As the principal of The Oxford College of Pharmacy, I am writing to explore the possibility of establishing an internship program for our students with Srushti Pharmaceuticals Pvt. Ltd.. As a part of our academic achievements and credentials relevant to the course, I believe that an internship program with your esteemed organization would be an excellent opportunity for our students to enhance their learning experience and prepare for their future careers.

Accepted.

Thank you

P. Padma

PREAMBLE

In the dynamic and ever-evolving field of pharmacy, discipline and professionalism are paramount. They are not merely virtues to be upheld but essential attributes that underpin the ethical practice of pharmacy and the delivery of quality healthcare. This seminar aims to underscore the significance of discipline and professionalism in the context of pharmacy education and practice. It will delve into the core values that guide pharmacists, the ethical considerations that shape their decision-making, and the impact of discipline and professionalism on patient safety and satisfaction. By fostering a culture of discipline and professionalism, pharmacy institutions can contribute to the advancement of the profession and ensure that pharmacists are well-equipped to meet the ever-increasing demands of healthcare delivery.

THE CONTENT DELIVERED IN THE SESSION IS AS FOLLOWS:

On 18th November 2023, The Oxford College of Pharmacy organized a guest lecture on "The Importance of Discipline and Professionalism in Pharmacy." The event, conducted in Room 506, had Dr. Hiremath S P, Professor at KLE College of Pharmacy, Hubli, as the distinguished resource person. The session aimed to emphasize the crucial role of discipline and professionalism in the field of pharmacy, particularly in fostering responsible, ethical, and effective practice among future pharmacists. Dr. Hiremath delivered an insightful keynote address, outlining the importance of discipline in ensuring precision and consistency in pharmaceutical tasks such as medication dispensing, patient counseling, and regulatory compliance. The seminar also focused on professionalism, highlighting how it cultivates trust between healthcare providers and patients. A total of 75 students of B. Pharm programs, along with faculty members, actively participated in the seminar, gaining valuable knowledge on the importance of these foundational values in pharmacy practice.

Dr. Vikram.T, the event organizer, concluded the program with a vote of thanks, expressing gratitude to **Chairman Dr. S.N.V. L. Narasimha Raju**, The Oxford Group of Institutions, and **Dr. Padmaa M. Paarakh, Principal**, for their continuous encouragement and support in organizing such impactful sessions.

OUTCOME

The outcome of the guest lecture on "The Importance of Discipline and Professionalism in Pharmacy" was highly positive, with active participation from 75 students of B. Pharm programs. The session emphasized the significance of cultivating discipline and professionalism in the pharmacy field, which resonated strongly with the participants.

Students gained valuable insights into how maintaining discipline ensures accuracy in pharmaceutical practices, while professionalism fosters trust and ethical behaviour in patient care. The interactive nature of the seminar encouraged meaningful discussions and reflections, allowing students to better understand how these core values impact their future roles as pharmacists. Overall, the program successfully equipped students with the knowledge and motivation to incorporate discipline and professionalism into their educational and professional journeys.

The Oxford College of Pharmacy

(Recognised by the Govt. of Karnataka, Affiliated to Rajiv Gandhi University of Health Sciences, Karnataka;
Approved by Pharmacy Council of India, New Delhi)

DECLARATION

This is to certify that the following student from The Oxford College of Pharmacy have undergone internship training at the below mentioned industries.

Sl no.	Name of the Student	Industry	Duration
1.	PRAKASH R	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	20.11.2023 TO 16.12.2023
2.	JANHAVI ARYA	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	20.11.2023 TO 16.12.2023
3.	HARISH KUMAR K	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	20.11.2023 TO 16.12.2023
4.	SUVANJALI MISHRA	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	20.11.2023 TO 16.12.2023
5.	HARSHA R	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	20.11.2023 TO 16.12.2023
6.	ADITHYA J	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	26.11.2023 TO 14.12.2023
7.	DINESH R	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	26.11.2023 TO 14.12.2023
8.	APARNA O M	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	26.11.2023 TO 14.12.2023
9.	GOWTHAMI G N	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	26.11.2023 TO 14.12.2023
10.	FASEEHA ALMAS	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	26.11.2023 TO 14.12.2023
11.	HARIPRIYA S	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	26.11.2023 TO 14.12.2023
12.	HARINI V	BIO PLUS LIFE SCIENCES PRIVATE LIMITED	14.12.2023 TO 5.1.2024

Buchi India Pvt Ltd

Sub: Collaborative Research program reg;

Dear Dr. Dileep Chandra Sreerama

It is my pleasure to invite you as a resource person in collaborative research program at The Oxford College of Pharmacy, Bangalore. The faculty and students will utilize this time to collaborate with you on knowledge and experience.

The program will include a diverse range of activities, lectures, workshops, and research collaborations. We believe that your participation in this program would provide a unique opportunity for our faculty and students to learn from your expertise and share their knowledge with you.

**THE OXFORD COLLEGE OF
PHARMACY**

The Oxford College of Pharmacy (TOCP) was established in 1992. TOCP under the aegis of Children's Education Society (R) offers D. Pharm, B. Pharm, M. Pharm, Pharm. D, and Pharm. D (Post Baccalaureate) programs. TOCP is recognized by the Government of Karnataka, affiliated to RGUHS Karnataka and Drug Control Board Karnataka respectively and Pharmacy Council of India, New Delhi. The Institution is also accredited by NAAC. TOCP has excellent infrastructure in terms of sophisticated Laboratories, lecture halls, etc.

OBJECTIVES

- > This aims to be one of the Premier forums for exchange of technological advances & research ideas in the fields of Traditional Knowledge.
- > Increase the awareness of teachers and students about the opportunities and challenges in this field.

PREAMBLE

Workshop on “Standardization of Herbal Drugs using Analytical Techniques” An introduction was organized by Department of Pharmacognosy, The Oxford College of Pharmacy on 24/11/2023 from 9:30 AM to 5:30 PM in college Room No. 505. Dr. Dileep Chandra Sreerama, Mr. Pratik Rai, was the key speakers of the workshop. The program was registered by 90 students and 10 staffs. All the students are attended the workshop and practically trained by the professionals at The Oxford College of Pharmacy, Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy Welcomed the gathering and the Guest Speakers.

In the pursuit of preserving and advancing our rich heritage of Traditional Knowledge, we gather here to establish a premier forum - a bastion of exchange for technological breakthroughs and research insights. With a focus on Traditional Knowledge, our mission extends beyond mere discourse; we aspire to ignite minds, elevate awareness, and foster innovation among educators and students alike. This forum stands as a beacon, guiding the collective consciousness towards the opportunities and challenges that abound in this dynamic field.

As we convene, our agenda encompasses a diverse array of topics, ranging from the fundamentals of analytical instruments to the intricate application of High-Performance Thin-Layer Chromatography (HPTLC) in the standardization of herbal drugs. Through hands-on training sessions, we aim not only to impart knowledge but to imbue participants with practical skills, ensuring their readiness to navigate the complexities of HPTLC instrumentation.

Objectives of workshop:

- This aims to be one of the Premier forums for exchange of technological advances & research ideas in the fields of Traditional Knowledge.
- Increase the awareness of teachers and students about the opportunities and challenges in this field.
- To inculcate innovative ideas in the area of research.
- To create and upgrade trained manpower in the area of standardization for Traditional Drugs.
- To update the participants with the potential and latest applications of Analytical procedure for standardization of traditional drugs.

SCHEDULE

TIME	SCHEDULE
09:30AM - 10:30AM	Registration and Inauguration
10:30AM - 11:00AM	Tea Break
11:00AM - 12:30PM	Basis of HPTLC
12:30PM - 01:30PM	Lunch
1:30PM - 02:30PM	Application of HPTLC for standardization of Herbal Drugs
02:45PM - 4:00PM	Training on the HPTLC Instrument
04:00PM - 4:25PM	Tea Break
04:30PM - 5:30PM	Valedictory Function

The Content Delivered in the workshop is as follows:

Workshop on Standardization of Herbal Drugs using Analytical Techniques, was an interactive and practical deliverance, ranging from the fundamentals of analytical instruments to the intricate application of High-Performance Thin-Layer Chromatography (HPTLC) in the standardization of herbal drugs. Through hands-on training sessions, we aim not only to impart knowledge but to imbue participants with practical skills, ensuring their readiness to navigate the complexities of HPTLC.

The forum for the exchange of technological advances and research ideas in the realm of Traditional Knowledge convened with resounding success, attracting participants from diverse backgrounds and disciplines. Over the course of the event, attendees were immersed in a comprehensive program designed to enhance awareness, cultivate innovation, and foster expertise in the standardization of Traditional Drugs.

The proceedings commenced with an exploration of analytical instruments and their functioning, laying a solid foundation for the subsequent discussions and practical demonstrations. Participants delved into the intricacies of HPTLC, gaining insights into its principles and methodologies, underpinning its pivotal role in the standardization process.

The hands-on training sessions proved to be a pivotal component of the forum, providing participants with invaluable practical experience in operating HPTLC instruments. Guided by seasoned experts, attendees acquired proficiency in sample preparation, chromatographic analysis, and data interpretation, equipping them with the requisite skills to undertake standardization endeavors with confidence.

At the end of presentation, the students were aware of usage of the Instruments and advantages of the updated equipment's, and the role of the instruments in Pharmaceutical Industries.

Students were motivated to attend future Workshops, which helps to gain their knowledge. Finally, Mrs.Pavithra Devi Assistant Professor, Department of Pharmacognosy delivered the vote of thanks and she thanked Dr. Padmaa M.Paarakh, Principal, The Oxford College of Pharmacy, Bangalore for giving her an opportunity to organize this seminar, and also thanked to Dr. Dileep Chandra Sreerama, Mr. Pratik Rai, Mr. Shwethal, Mr. Sendhil was the key speakers of the workshop, and also the supported Voluntaries and Students for their support.

OUTCOME OF THE PROGRAMME

Around 90 students and 10 staffs have participated for workshop from under graduate and post-graduate courses. The workshop helped the students by deepening their understanding of the importance of the HPTLC instrumentation, applications, how to use and current updates in Pharmaceutical Industries for quality control of herbal drugs. It also provided networking opportunities and potential job prospects.

Dear Sir,

Thank you for your thought-provoking workshop on “Standardization of Herbal Drugs using Analytical Technique’s” for our institution The Oxford College of Pharmacy, Bangalore. The presentation and points you were discussed during guest lecture were really helpful for most of the participants. I thank again for a truly memorable guest lecture. We hope you can join us again.

Regards,

P. Padua

Memorandum of Understanding (MOU)

Between:

Party-1:

World Alumni Network Pvt. Ltd. (WAN),
600 (FF2), Ring Road, Cross 15,
JP Nagar Phase 6, Bengaluru 560078, India;
+91-80-2665-3333, +91-80-2665-7777

and

Party-2:

The Oxford College of Pharmacy,
6, Hongasandra Main Road, Hongasandra,
Bengaluru 560068, Karnataka, India

This MOU, dated 22nd September 2017, establishes a mutual working relationship between the two parties (and their respective heirs, executors, administrators and assignees) as broadly outlined below.

Party-1's Role:

1. Party-1 is creating a state-of-the-art secure Online Platform as worldalumni.com (with related domains) for all the alumni, students, staff, faculty and related individuals at global level to find, connect, communicate, collaborate and coordinate in an integrated and seamless online environment for academic, placements, business, professional, personal and other uses
2. Registration at this Online Platform by any individual is purely voluntary and it is between Party-1 and the individual members
3. Party-1 is making all the necessary investment on its own for developing the Online Platform
4. Party-1 will provide one Premium Membership as a respect to the head of the Party-2 at no cost to Party-2
5. Party-1 on its Online Platform will provide a link to Party-2's primary website

Party-2's Role:

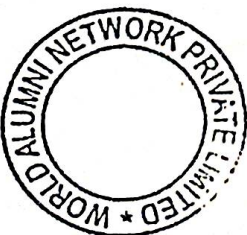

1. There is no financial obligation on the part of Party-2
2. Party-2 will designate a person to overview the information provided by the members in the Online Platform
3. Since any duplication of information at multiple places can make it difficult or cause confusion in finding the right information by the members, Party-2 will not engage in any duplication of the information provided at the Online Platform by Party-1, or it will not promote or use any such duplicated information
4. Party-2 on its primary website will provide a link to Party-1's Online Platform

This MOU may be amended at any time with the mutual consent of both the parties.

**THE OXFORD COLLEGE OF
PHARMACY**

The Oxford College of Pharmacy (TOCP) was established in 1992. TOCP under the aegis of Children's Education Society (R) offers D. Pharm, B. Pharm, M. Pharm, Pharm. D, and Pharm. D (Post Baccalaureate) programs. TOCP is recognized by the Government of Karnataka, affiliated to RGUHS Karnataka and Drug Control Board Karnataka respectively and Pharmacy Council of India, New Delhi. The Institution is also accredited by NAAC. TOCP has excellent infrastructure in terms of sophisticated laboratories, lecture halls, etc.

OBJECTIVES

- > This aims to be one of the Premier forums for exchange of technological advances & research ideas in the fields of Traditional Knowledge.
- > Increase the awareness of teachers and students about the opportunities and challenges in this field.

PREAMBLE

Workshop on "Standardization of Herbal Drugs using Analytical Techniques" An introduction was organized by Department of Pharmacognosy, The Oxford College of Pharmacy on 24/11/2023 from 9:30 AM to 5:30 PM in college Room No. 505. Dr. Dileep Chandra Sreerama, Mr. Pratik Rai, was the key speakers of the workshop. The program was registered by 90 students and 10 staffs. All the students are attended the workshop and practically trained by the professionals at The Oxford College of Pharmacy, Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy Welcomed the gathering and the Guest Speakers.

In the pursuit of preserving and advancing our rich heritage of Traditional Knowledge, we gather here to establish a premier forum - a bastion of exchange for technological breakthroughs and research insights. With a focus on Traditional Knowledge, our mission extends beyond mere discourse; we aspire to ignite minds, elevate awareness, and foster innovation among educators and students alike. This forum stands as a beacon, guiding the collective consciousness towards the opportunities and challenges that abound in this dynamic field.

As we convene, our agenda encompasses a diverse array of topics, ranging from the fundamentals of analytical instruments to the intricate application of High-Performance Thin-Layer Chromatography (HPTLC) in the standardization of herbal drugs. Through hands-on training sessions, we aim not only to impart knowledge but to imbue participants with practical skills, ensuring their readiness to navigate the complexities of HPTLC instrumentation.

Objectives of workshop:

- This aims to be one of the Premier forums for exchange of technological advances & research ideas in the fields of Traditional Knowledge.
- Increase the awareness of teachers and students about the opportunities and challenges in this field.
- To inculcate innovative ideas in the area of research.
- To create and upgrade trained manpower in the area of standardization for Traditional Drugs.
- To update the participants with the potential and latest applications of Analytical procedure for standardization of traditional drugs.

TIME	SCHEDULE
09:30AM - 10:30AM	Registration and Inauguration
10:30AM - 11:00AM	Tea Break
11:00AM - 12:30PM	Basis of HPTLC
12:30PM - 01:30PM	Lunch
1:30PM - 02:30PM	Application of HPTLC for standardization of Herbal Drugs
02:45PM - 4:00PM	Training on the HPTLC Instrument
04:00PM - 4:25PM	Tea Break
04:30PM - 5:30PM	Valedictory Function

The Content Delivered in the workshop is as follows:

Workshop on Standardization of Herbal Drugs using Analytical Techniques, was an interactive and practical deliverance, ranging from the fundamentals of analytical instruments to the intricate application of High-Performance Thin-Layer Chromatography (HPTLC) in the standardization of herbal drugs. Through hands-on training sessions, we aim not only to impart knowledge but to imbue participants with practical skills, ensuring their readiness to navigate the complexities of HPTLC.

The forum for the exchange of technological advances and research ideas in the realm of Traditional Knowledge convened with resounding success, attracting participants from diverse backgrounds and disciplines. Over the course of the event, attendees were immersed in a comprehensive program designed to enhance awareness, cultivate innovation, and foster expertise in the standardization of Traditional Drugs.

The proceedings commenced with an exploration of analytical instruments and their functioning, laying a solid foundation for the subsequent discussions and practical demonstrations. Participants delved into the intricacies of HPTLC, gaining insights into its principles and methodologies, underpinning its pivotal role in the standardization process.

The hands-on training sessions proved to be a pivotal component of the forum, providing participants with invaluable practical experience in operating HPTLC instruments. Guided by seasoned experts, attendees acquired proficiency in sample preparation, chromatographic analysis, and data interpretation, equipping them with the requisite skills to undertake standardization endeavors with confidence.

At the end of presentation, the students were aware of usage of the Instruments and advantages of the updated equipment's, and the role of the instruments in Pharmaceutical Industries.

Students were motivated to attend future Workshops, which helps to gain their knowledge. Finally, Mrs.Pavithra Devi Assistant Professor, Department of Pharmacognosy delivered the vote of thanks and she thanked Dr. Padmaa M.Paarakh, Principal, The Oxford College of Pharmacy, Bangalore for giving her an opportunity to organize this seminar, and also thanked to Dr. Dileep Chandra Sreerama, Mr. Pratik Rai, Mr. Shwethal, Mr. Sendhil was the key speakers of the workshop, and also the supported Voluntaries and Students for their support.

OUTCOME

Around 90 students and 10 staffs have participated for workshop from under graduate and post-graduate courses. The workshop helped the students by deepening their understanding of the importance of the HPTLC instrumentation, applications, how to use and current updates in Pharmaceutical Industries for quality control of herbal drugs. It also provided networking opportunities and potential job prospects.

PREAMBLE

Stress management is an essential skill in today's fast-paced world. This session on stress management emphasized on the tools and techniques to recognize, understand, and manage stress effectively. It also explored the causes of stress, its impact on mental and physical well-being, and practical strategies to reduce and cope with stress in day-to-day life.

CONTENT OF THE SESSION

On 4/1/2024, The Oxford College of Pharmacy organized an Awareness session on Stress management at room number 506 which involved 44 participants from III Sem B Pharm along with staffs. Our beloved speaker Mr. Tangapandi, Alumini of The Oxford College of pharmacy we delivered the speak on Stress management which included the nature of stress, exploring its various triggers and the physiological and psychological effects it can have on our bodies and minds. The session also covered the practical techniques for managing stress, including relaxation exercises, time management strategies, and cognitive-behavioral approaches to reframe negative thoughts. Additionally, the speaker discussed the importance of self-care, healthy lifestyle choices, and building a strong support system. Through interactive discussions and exercises, participants gained actionable insights to better handle stress and improve their overall well-being. Mrs. Adithi, the organizer, concluded the event with a vote of thanks, expressing gratitude to Chairman Dr. S.N.V. L. Narasimha Raju, The Oxford Group of Institutions, and Dr. Padmaa M. Paarakh, Principal, for their encouragement and support.

OUTCOME

The outcome of the stress management program enhanced the awareness and understanding of stress, its triggers, and its impact on mental and physical health. 44 Participants from III Sem B Pharm learned effective techniques to manage and reduce stress, such as mindfulness, relaxation exercises, and time management strategies. They gained skills to identify early signs of stress and implement coping mechanisms to maintain well-being. The program fostered resilience, improved productivity, and promoted a healthier work-life balance. Ultimately, participants were empowered to manage stress more effectively, leading to a more balanced and fulfilling life.

PREAMBLE

In today's fast-paced world, prioritizing health and fitness is essential for leading a fulfilling and productive life. This program empowers individuals to take control of their well-being by providing the knowledge and tools necessary to make informed health decisions. By cultivating healthy habits and adopting a proactive approach to self-care, participants will improve their physical health while enhancing their mental and emotional well-being. As we gather to expand our knowledge and skills, let us acknowledge our responsibility to prioritize our overall health and commit to fostering a culture of fitness and self-care, empowering ourselves to lead fulfilling and productive lives.

CONTENT OF THE SESSION

On 05/02/2024, The Oxford College of Pharmacy organized a "Life Skills Program on Health and Fitness," which aimed to promote the importance of maintaining both physical and mental well-being. The session included various activities, such as expert talks on fitness, interactive discussions on healthy lifestyle choices, and practical demonstrations of exercises and mindfulness techniques were conducted. The speaker provided a brief overview of different types of fitness, as well as the recommended calorie intake for various categories, emphasizing the importance of balancing physical activity and nutrition. He also highlighted how regular physical exercise, a well-balanced diet, and stress management contributed to overall health. There was a lively interaction between the speaker and the students, with participants actively engaging in discussions on their personal health challenges. The event featured a Q&A session, where students and faculty sought expert advice on specific fitness and health issues.

A total of 50 B. Pharm students, along with faculty members, participated in the event. It concluded with a vote of thanks delivered by Mrs. Adithi, the organizer, who expressed sincere gratitude to Chairman Dr. S.N.V. L. Narasimha Raju of The Oxford Group of Institutions and Dr. Padmaa M. Paarakh, Principal, for their continuous encouragement and support. The program effectively raised awareness about health and fitness and motivated participants to adopt healthier lifestyles.

OUTCOME

The Life Skills Program on Health and Fitness was a resounding success, with enthusiastic participation from 50 B. Pharm students. The program effectively emphasized the importance of maintaining physical and mental well-being, equipping students with practical strategies for healthy living. Participants actively engaged in discussions and activities, demonstrating their keen interest in the topic. The program's positive impact is evident in the students' increased awareness of health and fitness, their ability to integrate healthy habits into their daily lives, and their overall well-being.

**THE OXFORD COLLEGE OF
PHARMACY**

The Oxford College of Pharmacy (TOCP) was established in 1992. TOCP under the aegis of Children's Education Society (R) offers D. Pharm, B. Pharm, M. Pharm, Pharm. D, and Pharm. D (Post Baccalaureate) programs. TOCP is recognized by the Government of Karnataka, affiliated to RGUHS Karnataka and Drug Control Board Karnataka respectively and Pharmacy Council of India, New Delhi. The Institution is also accredited by NAAC. TOCP has excellent infrastructure in terms of sophisticated laboratories, lecture halls, etc.

OBJECTIVES

- To know rapid isolation, or technique development & scale-up of phytoconstituents.
- To know solubility problems that arise during the isolation of phytoconstituents in large volumes. Advance Flash Chromatography is highly necessary in today isolation techniques.

PREAMBLE

A workshop on "RAPID ISOLATION OF PHYTOCONSTITUENTS FROM INDIAN MEDICINAL PLANTS - FLASH PURIFICATION MADE EASY" was organized by Department of Pharmacognosy, The Oxford College of Pharmacy on 06/03/2024 from 9:30 AM to 4:00 PM in Room No. 505. Dr. Dileep Chandra Sreerama, Mr. Pratik Rai, Mr. Shwethal, Mr. Sendhil were the key speakers for the workshop. The program was registered by 103 members including students and faculty. 89 students and 14 faculty have attended the workshop and practically trained by the professionals at The Oxford College of Pharmacy. Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy welcomed the gathering and the Guest Speakers.

Objectives of workshop:

- To create awareness about new equipment's like Flash Chromatography and Rota Apparatus
- To Know the Uses of the upgraded Equipment's
- Flash chromatography is a purification technique that is designed for rapid separation by using air pressure as opposed to slow and inefficient gravity fed chromatography.
- Rotary evaporators (rotovaps) are devices employed for removing solvents efficiently via the process of evaporation. The rotary evaporation process is one of the most widely used methods of solvent evaporation due to its optimal extraction and distillation performance.

The Content Delivered in the workshop is as follows:

Workshop on Rapid Isolation of Phytoconstituents from Indian Medicinal Plants - Flash Purification Made Easy", was an interactive and practical deliverance about the new version upgraded equipment's like Flash Chromatography and Rota Evaporator.

The workshop accurately given the participants the knowledge of how to use the instruments and what are the advantages of the equipment.

In morning session 1 speaker Dr. Dileep Chandra Sreerama, explained I detail about Advances in SFC and Flash- prep chromatography and its applications in pharmaceutical industry. In morning session 2 speaker Mr. Shwethal explained in detail about the Freeze Drying- effective Distillation and Novel application.

In afternoon session students heave been divided in two groups, for one group Mr. Pratik Rai demonstrated the Flash- prep chromatography and explained its advantages and uses, and for

another group Mr. Sendhil demonstrated the Rota Evaporator explained its advantages and uses and similarly vice versa .

At the end of presentation, the students were aware about the usage of the Instruments and advantages of the updated equipment, and the role of the instruments in Pharmaceutical Industries.

Students were motivated to attend future Workshops, which helps to gain their knowledge. Finally, Mrs.Pavithra Devi Assistant Professor, Department of Pharmacognosy delivered the vote of thanks and she thanked Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy, Bangalore for giving her an opportunity to organize this seminar, and also thanked to Dr. Dileep Chandra Sreerama, Mr. Pratik Rai, Mr. Shwethal, Mr. Sendhil who were the key speakers of the workshop.

OUTCOME

Around 89 students have participated in the program and 14 Faculty have participated in the workshop, Students from under graduate and post-graduate courses had participated in the Workshop. The workshop helped the students by deepening their understanding of the importance of the Flash Chromatography, how to use and also current updates in isolation of phytoconstituents in Pharmaceutical Industries. Students also learned about Rota Apparatus and its working module. It also provides networking opportunities and potential job prospects.

INVITATION LETTER

To,
Krishna ENT Hospital
Civil Hospital Backside Road,
Karimnagar, Telangana

Sub: Application to apply for an internship

Greetings of the day!

As the principal of The Oxford College of Pharmacy, I am writing to explore the possibility of establishing an internship program for our students with Krishna ENT Hospital. As a part of our academic achievements and credentials relevant to the course, I believe that an internship program with your esteemed organization would be an excellent opportunity for our students to enhance their learning experience and prepare for their future careers.

Thank you

P. Padma

PREAMBLE:

The significance of herbal drugs lies not only in their long-standing historical use but also in their potential for therapeutic efficacy and safety when used appropriately. With many plant-based compounds having demonstrated pharmacological properties that can treat a range of health conditions, herbal drugs provide an invaluable option in the field of healthcare. They are often viewed as more accessible, affordable, and less toxic alternatives to conventional drugs, especially in resource-limited settings.

Despite these advantages, it is important to recognize that herbal drugs are not without their limitations. They may vary in potency, quality, and consistency, and their effectiveness often depends on the proper preparation and dosage. Furthermore, the lack of standardized regulation in many regions has raised concerns about the safety and efficacy of herbal medicines. Therefore, balancing the use of modern and herbal drugs requires a comprehensive understanding of both their therapeutic potentials and risks.

CONTENT OF THE SESSION

An interactive and informative guest lecture was organized by The Department of Pharmacognosy, The Oxford College of Pharmacy, Bengaluru, on "*Significance of Herbal drugs over Modern drugs*" on 28th November 2023. The lecture was given by Dr Somashekhar M Metri, Associate Professor, BLDEA'S SSM College of Pharmacy & Research Centre. The lecture was attended by the students of Pharm D. and faculty members from the various Department.

The lecture began at 11:00 pm with the introduction of the speaker by Mrs Chaithra K who had given brief introduction about the achievements of the speaker. She invited Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy, on the dais to welcome the resource person. She thanked the speaker for coming and interacting with the students. She also invited Padmaa M Paarakh, Head of the Department, to speak some words about the speaker. She also briefed on the importance of the session.

The speaker Dr Somashekhar M Metri addressed the audience that comprises faculty members and 30 students from Pharm D course. He initiated his talk by the importance of herbal drugs used in day-to-day life which play a vital role in the body, he also emphasized on the herbs which helps in boosting the immunity, later he discussed on the significance of herbals drug over the modern drugs.

The session turned more interesting when he gave information regarding various herbal formulations available in market, and the companies involved in the preparation of the herbal formulations, he also spoke on GDP of herbal market, finally he explained the various Indian system of Medicines.

The audience found the lecture beneficial, informative, motivational and relevant in current scenario. He addressed all the queries put forwarded by the listeners related to the lecture. The lecture was very informative and beneficial to the students as well as the faculty. The lecture motivated the students towards emerging research areas in the Herbal Nano formulations.

At the end Dr. Padmaa M Paarakh, Principal, thanked the speaker for sharing his valuable knowledge on this important subject. The event was concluded with vote of thanks given by Mrs Chaithra K

OUTCOME

The outcome of the guest lecture on "Significance of Herbal drugs over Modern drugs" was highly positive, with active participation from 30 students of Pharm D and 3 faculty. By the end of the session, participants will be equipped with a comprehensive understanding of both the potential and the challenges associated with herbal drugs, fostering a more nuanced approach to integrating herbal remedies into modern healthcare systems. This outcome encourages the responsible, evidence-based use of herbal drugs alongside modern pharmaceutical treatments for optimal patient care

PREAMBLE:

The Department of Pharmacy practice conducted a seminar on overview of international pharmacist licensure examination USA, Canada, UK, Australia and GCC. There were totally 45 participants. Dr Abubaker Siddique delivered the lecture.

The content delivered in the seminar is as follows:

Dr Parthasarathy G, the organizing Secretary welcomed guests and participants to the program. The seminar started with the introduction about the various licensure exam conducted in different countries.

The licensure process for pharmacists varies significantly between the USA, UK, and Australia, and GCC reflecting each country's healthcare needs and regulatory environment. Understanding these differences is crucial for pharmacists looking to expand their practice internationally. He clearly stated that PharmD students must pass exams like NAPLEX, PEBC, KAPS for getting the license in various countries to work as a registered pharmacist. He ended up the session by explaining about the exam formats and challenges of the licensure process.

Finally Dr Parthasarathy delivered the vote of thanks and he thanked Dr. Padmaa M. Paarakh, Principal, The Oxford College of Pharmacy, Bangalore for giving him an opportunity to organize this program.

MEMORANDUM OF UNDERSTANDING

Between

SASKIA

Labs Pvt Ltd

Unit-A, Mezzanine FMCG storage No. 19/1,
K Narayanapura Main Road Cavery Nagar,
Thanisandra Post, Bangalore,
K R Puram, BBMP East, Karnataka-560077.

And

The Oxford College of Pharmacy

1st Main Road, Hongasandra, Bengaluru, Karnataka 560068

This Memorandum of Understanding ("MoU") is made on this 20 day of May 2022

Between

Saskia Labs Pvt. Ltd, Unit-A, Mezzanine FMCG storage No. 19/1, K Narayanapura Main Road Cavery Nagar, Thanisandra Post, Bangalore- K R Puram, BBMP East, Karnataka- 560077.

And

The Oxford College of Pharmacy at Hongasandra, Bengaluru, Karnataka 560068, being represented by Dr. Padmaa M. Paraakh, Principal, The Oxford College of Pharmacy, hereinafter referred to as "TOCP".

The term First Party and Second Party afore mentioned unless repugnant to the context shall mean and include their successors, subsidiaries, affiliates in office, authorized representatives.

The two parties to this Memorandum of Understanding ("MoU") accept the following Terms and Conditions with a common intention of being legally bound on them.

A. RESPONSIBILITIES OF SASKIA LABS PVT. LTD

1. Saskia Labs Pvt. Ltd, shall after due process provide internship opportunities and research projects to the selected candidates.
2. Saskia Labs Pvt. Ltd hereby agrees that the selected candidates shall carry out their internship for a minimum period of six months commencing upon a date that has been mutually agreed upon between Saskia Labs Pvt. Ltd and TOCP and selected Candidate/s of TOCP
3. Saskia Labs Pvt. Ltd, shall ensure that such selected candidate/s shall be assigned with a "short term project" during the period of internship that includes using/ handling of instruments under proper supervision and guidance etc.
4. Saskia Labs Pvt. Ltd, agrees that at the end of the internship period the selected candidate/may prepare a report of their project work, while safeguarding any confidential or sensitive information in regards to **Saskia Labs Pvt. Ltd**. If candidate/s intends to publish such project work report, TOCP shall submit a copy of such report to Saskia Labs Pvt. Ltd and seek prior approval for its publication.
5. **SASKIA** agrees to design and provide Faculty Improvement Programs (FIP) in the areas of (1) Bioanalytical techniques (ii) Phytochemistry (iii) Cell Biology and (iv) Biochemical assays on mutually agreed

financial and technical program. Shortlisted faculty can be sent for FIP from TOCP as per agreed term and conditions.

6. **SASKIA** and TOCP agree to undertake students' industrial visits, guest lecture and collaborative projects by mutual financial and technical understanding.

B. RESPONSIBILITIES OF TOCP

1. TOCP shall provide Saskia Labs Pvt. Ltd, an opportunity to screen and shortlist candidate/s for Internship at Saskia Labs Pvt. Ltd.

2. TOCP hereby agrees that the final decision with regard to the selection of relevant candidate/s and number of such candidate's is up to the discretion of Saskia Labs Pvt. Ltd

3. TOCP shall ensure that Saskia Labs Pvt. Ltd is aware of the Academic Schedule of the selected candidate/s in regards to Semester/Annual scheme.

4. TOCP agrees that any patents, products or other innovations that arise during the period of internship shall be the sole property of Saskia Labs Pvt. Ltd.

5. TOCP will be provided mutually agreed terms and conditions.

6. TOCP agrees that this internship is related to an educational purpose of the selected candidate/s and there is no guarantee or expectation that such internship or activity will result in employment with Saskia Labs Pvt. Ltd

7. TOCP agrees that Saskia Labs Pvt. Ltd is not liable for injury sustained or health conditions of candidate/s during the course of his/her internship.

C. DURATION OF THE MOU

The Agreement shall be valid for a period of 5 (Five) Years. The agreement may be renewed on mutually agreed terms and conditions.

The agreement may be terminated in the event of either party having breached the terms and conditions mentioned above. In such a case however the candidate/s already undergoing internship at Saskia Labs Pvt. Ltd shall continue and complete the internship as per the provision of this agreement for this purpose and the agreement shall be operative accordingly.

D. AMENDMENT TO THE MOU

During the operation of the MOU, circumstances may arise which may call for alteration in the MOU, which shall be mutually discussed and agreed upon by both parties and shall form part and parcel of the original MOU as an addendum.

E. BREACH OF AGREEMENT

If either party is found violating the above mentioned terms or condition of the MOU, the other party may terminate the MOU after providing three months notice. In such a case however the candidate's already undergoing internship at Saskia Labs Pvt. Ltd shall continue and complete the internship as per the provision of this agreement for this purpose and the agreement shall be operative accordingly.

F. ARBITRATION

Any dispute arising with regard to any aspect of the Agreement shall be settled through mutual consultation and by written consent by the two parties to the Moli In case settlement is not arrived at, the dispute will come under the purview and provision of the Indian Arbitration and Conciliation Act, 1996 and the area of Jurisdiction will be Bangalore City.

G. JURISDICTION

In the event of any disputes between the two parties only the Courts in Bangalore city shall have exclusive jurisdiction. However no court case shall be preferred by either party until Arbitration has been resorted to and has proved unfruitful.

Having gone through each and every condition of this agreement and having understood it clearly and perfectly both the parties affix their signatures below as attesting to this deed on this 20th day of May 2022.

PREAMBLE

A guest lecture on Regulatory affairs emphasized to provide valuable insights into the critical role ensuring the safety, efficacy, and compliance of products in industries such as pharmaceuticals, biotechnology, and medical devices. It navigates an increasingly complex regulatory landscape, understanding these processes is essential for anyone aspiring to work in these fields.

No. of participants: 109

Schedule

Time schedule	Programme
1.00-1.10	Welcome address
1.10-1.40	Guest lecture talk
1.40-1.50	Interactive session
1.50-2.00	Vote of thanks

The content of the session

On 17/2/2024, at room number 501, The Oxford College of Pharmacy organized a guest lecture on "An Overview of Regulatory Affairs" our guest speaker Dr. Sangamesh Puranik explored the essential functions and responsibilities of regulatory professionals in ensuring product safety and compliance. The lecture was attended by 109 students from B. Pharm and M. Pharm, along with staff. The lecture covered key regulatory bodies, such as the CDSCO, USFDA, EMEA, MHRA, TGA and their roles in the approval process. Participants gained insights into the lifecycle of regulatory submissions, the importance of clinical trials, and the impact of global regulations. Additionally, the speaker discussed current challenges in the field, including the adaptation to rapid technological advancements and evolving public

THE OXFORD COLLEGE OF PHARMACY

The Oxford College of Pharmacy (TOCP) was established in 1992. TOCP under the aegis of Children's Education Society (R) offers D. Pharm, B. Pharm, M. Pharm, Pharm. D, and Pharm. D (Post Baccalaureate) programs. TOCP is recognized by the Government of Karnataka, affiliated to RGUHS Karnataka and Drug Control Board Karnataka respectively and Pharmacy Council of India, New Delhi. The Institution is also accredited by NAAC. TOCP has excellent infrastructure in terms of sophisticated laboratories, lecture halls, etc.

OBJECTIVES

- To know rapid isolation, or technique development & scale-up of phytoconstituents.
- To know solubility problems that arise during the isolation of phytoconstituents in large volumes, Advance Flash Chromatography is highly necessary in today isolation techniques.

PREAMBLE

A workshop on "RAPID ISOLATION OF PHYTOCONSTITUENTS FROM INDIAN MEDICINAL PLANTS - FLASH PURIFICATION MADE EASY" was organized by Department of Pharmacognosy, The Oxford College of Pharmacy on 06/03/2024 from 9:30 AM to 4:00 PM in Room No. 505. Dr. Dileep Chandra Sreerama, Mr. Pratik Rai, Mr. Shwethal, Mr. Sendhil were the key speakers for the workshop. The program was registered by 103 members including students and faculty. 89 students and 14 faculty have attended the workshop and practically trained by the professionals at The Oxford College of Pharmacy. Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy welcomed the gathering and the Guest Speakers.

Objectives of workshop:

- To create awareness about new equipment's like Flash Chromatography and Rota Apparatus
- To Know the Uses of the upgraded Equipment's
- Flash chromatography is a purification technique that is designed for rapid separation by using air pressure as opposed to slow and inefficient gravity fed chromatography.
- Rotary evaporators (rotovaps) are devices employed for removing solvents efficiently via the process of evaporation. The rotary evaporation process is one of the most widely used methods of solvent evaporation due to its optimal extraction and distillation performance.

The Content Delivered in the workshop is as follows:

Workshop on Rapid Isolation of Phytoconstituents from Indian Medicinal Plants - Flash Purification Made Easy", was an interactive and practical deliverance about the new version upgraded equipment's like Flash Chromatography and Rota Evaporator.

The workshop accurately given the participants the knowledge of how to use the instruments and what are the advantages of the equipment.

In morning session 1 speaker Dr. Dileep Chandra Sreerama, explained I detail about Advances in SFC and Flash- prep chromatography and its applications in pharmaceutical industry. In morning session 2 speaker Mr. Shwethal explained in detail about the Freeze Drying- effective Distillation and Novel application.

At the end of presentation, the students were aware about the usage of the Instruments and advantages of the updated equipment, and the role of the Instruments in Pharmaceutical Industries.

Students were motivated to attend future Workshops, which helps to gain their knowledge. Finally, Mrs. Pavithra Devi Assistant Professor, Department of Pharmacognosy delivered the vote of thanks and she thanked Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy, Bangalore for giving her an opportunity to organize this seminar, and also thanked to Dr. Dileep Chandra Sreerama, Mr. Pratik Rai, Mr. Shwethal, Mr. Sendhil who were the key speakers of the workshop.

OUTCOME OF THE PROGRAMME

Around 89 students have participated in the program and 14 Faculty have participated in the workshop, Students from under graduate and post-graduate courses had participated in the Workshop. The workshop helped the students by deepening their understanding of the importance of the Flash Chromatography, how to use and also current updates in isolation of phytoconstituents in Pharmaceutical Industries. Students also learned about Rota Apparatus and its working module. It also provides networking opportunities and potential job prospects.

Dear Sir,

Thank you for your thought-provoking workshop on "RAPID ISOLATION OF PHYTOCONSTITUENTS FROM INDIAN MEDICINAL PLANTS - FLASH PURIFICATION MADE EASY" for our institution The Oxford College of Pharmacy, Bangalore. The presentation and points you were discussed during guest lecture were really helpful for most of the participants. I thank again for a truly memorable guest lecture. We hope you can join us again.

Regards,

P. Padus

INVITATION LETTER

To,

Micro Labs Limited

58/3, Singasandra Post,

Hosur Road, Kudlu

Bangalore-560 068

Sub: Collaborative research regn.

Greetings of the day!

As the principal of The Oxford College of Pharmacy, I am writing to explore the possibility of establishing collaborative research in the form of project work for our students with Micro Labs Limited. As a part of our academic achievements and credentials relevant to the course, I believe that an internship program with your esteemed organization would be an excellent opportunity for our students to enhance their learning experience and prepare for their future careers.

RX-EDU Director

Sub: Collaborative research program;

Dear Mr Jacob Nicholas,

It is my pleasure to invite you as a Resource person to participate in Collaborative research program at The Oxford College of Pharmacy, Bangalore. The faculty and students will utilize this time to collaborate with you on knowledge and experience.

The program will include a diverse range of activities, lectures, workshops, and research collaborations. We believe that your participation in this program would provide a unique opportunity for our faculty and students to learn from your expertise and share their knowledge with you.

PREAMBLE

The Department of Pharmacy practice conducted a workshop on Introduction to RX-EDU and its application in clinical pharmacy practice for students. There were totally 45 participants. Mr Jacob Nicholas CLIN-PHARM INT-MDCH (USA) delivered the lecture. The Rx-edu app is typically designed to support pharmacy students and professionals in their learning and practice. It has a variety of uses like Drug Information, A searchable database of medications, including their indications, dosages, interactions, and side effects. It has Educational materials about drug mechanisms, Pharmacokinetics, and pharmacodynamics, Information on formulary medications commonly used in clinical settings. It has features like drug calculators, quizzes, and case studies designed to help students improve their pharmaceutical knowledge and decision-making skills. It is a tool for practicing various pharmacy-related calculations, such as drug dosage calculations, IV flow rates, and concentration formulas. This app covers Scenarios and case studies to help students to apply theoretical knowledge to real-world clinical situations. It helps students to practice diagnostic reasoning and decision-making skills.

No. of participants:45

Schedule:

Time Schedule	
10:00 to 10:15 AM	Welcome Speech and introduction by Dr.Parthasarathy
10:15 to 11:00 AM	Presentation on RX-EDU APP
11:00 to 11:30 AM	Conclusion, feedback and vote of thanks

The content delivered in the workshop is as follows:

Dr Parthasarathy G, the organizing Secretary welcomed guests and participants to the program. The Workshop started with the introduction about the RX-EDU Application and its use in clinical pharmacy practice. He highlighted that Rx-Edu is a medical app designed to help healthcare professionals to stay up-to-date with the latest pharmaceutical information and earn continuing medical education (CME) credits. It offers a comprehensive database of drugs, including detailed information on indications, dosages, side effects, interactions, and clinical trials. He highlighted the key features of the App including accessibility of detailed information on over 10,000 prescription and over-the-counter drugs. It gives an idea about indications, dosages, side effects, interactions, and clinical trials. This App gives more information about the latest pharmaceutical news, updates, and regulatory changes. The Speaker elaborated about the various use of the application like drug interaction checker, clinical calculators. He ended up the session by highlighting that Rx-Edu is a valuable resource for healthcare professionals who want to improve their knowledge of pharmacology and stay up-to-date with the latest developments in the pharmaceutical industry.

Finally Dr Parthasarathy delivered the vote of thanks and he thanked Dr. Padmaa M.Paarakh, Principal, The Oxford College of Pharmacy, Bangalore for giving him an opportunity to organize this program.

OUTCOME OF THE PROGRAMME

Around 45 students participated in this program. From this, students understood the importance and use of RX-EDU application. This workshop helped students to improve skills and understanding of medical concepts, diseases, and treatments. PharmD students feel more prepared to discuss health concerns with their healthcare providers and this app could serve as a supplementary learning tool. Students were so happy about the session. It can provide a convenient way to access medical information, especially in remote areas.

RX-EDU Director

Sir,

We would like to express our sincere gratitude for the insightful workshop you conducted on "Introduction to RX-EDU and its application in clinical pharmacy practice" for our institution. Your session was incredibly informative, thought -provoking and engaging. We truly appreciate the time and efforts you put into preparing and delivering such an impactful workshop. the practical examples and real world applications you highlighted were especially valuable, making complex concepts more accessible and relevant to students' academic and professional growth.

Thank you once again, we look forward for the opportunity of hosting you again.

Regards,

P. Padma

The general objective of this Memorandum of Understanding (MOU) is to stimulate and facilitate the development of collaborative and mutually beneficial programs which serve to enhance the intellectual development on both campuses. Thus, The Oxford Dental College and The Oxford College of Pharmacy have agreed that in support of their mutual interests in the field of education and research:

1. The two Educational Institutions will:
 - a) Cooperate in the exchange of information relating to their activities in teaching and research in fields of mutual interests.
 - b) Promote appropriate joint research projects and joint courses of study.
 - c) Endeavor to encourage students and staff to spend periods of time in the host University. The exchange of students will be dependent on the execution of a formal Student Exchange Agreement prior to commencement of this activity.

Statutory Alert:

The authenticity of this Stamp Certificate should be verified at 'www.shikhaStamp.com'. Any discrepancy in the details on this Certificate and as available on the website renders it invalid.

- d) Conduct short courses, as mutually agreed in writing between the parties prior to commencement of this activity.
- e) Conduct study tours, mutually agreed in writing between the parties prior to commencement of this activity.

2. Facilitate the exchange of undergraduate students and post-graduate students. Such exchanges may take place for a short period (or at least one term or semester). The academic standing of such students shall be determined by the host college. Accreditation for the academic work carried out by an undergraduate student during the period of study at the host college will be at the discretion of both the colleges.

3. The aim of the Memorandum of Understanding shall be to achieve a broad balance in the respective contributions and benefits of the collaboration, and this shall be subject to periodic review by both colleges.

4. Academic members of staff and other personnel of one partner institution may spend periods not normally exceeding one academic year in the other partner institution. In supporting such an arrangement the home institution undertakes to continue the salary of the participant. All other financial matters, including travel costs, are subject to individual negotiation, and will normally be the responsibility of the persons involved and their home institution.

5. In the implementation of specific cooperative programs, a written agreement covering all relevant aspects including funding and the obligations to be undertaken by each party will be negotiated, mutually agreed and formalized in writing, prior to the commencement of the program.

6. The Oxford Dental College shall not hold The Oxford College of Pharmacy liable for any damage that is caused, whether directly or indirectly, by The Oxford Dental College. The Oxford College of Pharmacy shall not hold The Oxford Dental College liable for any damage that is caused, whether directly or indirectly, by The Oxford College of Pharmacy.

7. The Oxford Dental College will indemnify any loss suffered by The Oxford College of Pharmacy that is caused, whether directly or indirectly, by the The Oxford Dental College. The Oxford College of Pharmacy will indemnify any loss suffered by the The Oxford Dental College that is caused, whether directly or indirectly.

This agreement will take effect from the date of its signing and shall be valid for an unlimited period from that date unless sooner terminated, revoked or modified by mutual written agreement between the Parties, and may be extended by or mutual written agreement.

Either party may terminate the Agreement at any time during the term by the provision of three months written notice to the other party.

Sub: Collaborative research regn.

Greetings of the day!

As the principal of The Oxford College of Pharmacy, I am writing to explore the possibility of establishing collaborative research in the form of project work for our students with Cnoic Life Sciences LLP. As a part of our academic achievements and credentials relevant to the course, I believe that an internship program with your esteemed organization would be an excellent opportunity for our students to enhance their learning experience and prepare for their future careers.
