DECENTRALIZATION AND PARTICIPATIVE MANAGEMENT

DECENTRALIZATION AND PARTICIPATIVE MANAGEMENT

The Principal and Heads of different committees of The Oxford College of Pharmacy discussed about conducting different programs like workshop /seminar/ conference/ awareness program etc. The committee heads ruled out on various program proposals and discussed its advantages as well as outcomes. The program heads finalized celebrate National Pharmacy Education Day 2024, Sponsored by Pharmacy Council of India, with the theme of Leveraging Synergism: Industry-Academia Partnership by implementation of NEP 2020.

The programme head have discussed the above with other committees and notified Principal. The principal given the approval to conduct the programme and organizing committee has sent the circular and notice. The different organizing programme committees then formed which includes HOD's, Professors, other staffs and students.

The date and time of the workshop has been fixed and the invitation committee has invited the guest of the programme. The registration committee has circulated the registration link and collected all the attendees' required details. The website committee and media committee were actively involved in circulating the flyer and distribution of programme notice and also made sure that all the apt candidates are receiving the notification. All the other committees were actively involved in various activities to make the workshop a success and to get the maximum benefits out of it.

Sub: Request for Approval to Celebrate Pharma ANVESHAN 2024 – National Pharmacy Education Day

Respected Ma'am,

As per our strategic plan and in association with the Pharmacy Council of India (PCI), we propose to celebrate **Pharma ANVESHAN 2024** on the occasion of *National Pharmacy Education Day*. The theme for this year's event is **"Leveraging Synergism: Industry-Academia Partnership for Implementation of National Education Policy, 2020."**

This event aims to bring together academic and industry professionals to discuss and promote collaborative efforts for the effective implementation of NEP 2020, particularly within the pharmacy education sector. Planned activities include keynote addresses, panel discussions, and interactive sessions that will foster knowledge exchange and innovation in our educational approaches.

In view of the above, we kindly request your approval to proceed with organizing Pharma ANVESHAN 2024 as outlined.

Thank you for considering our request, and we look forward to your positive response.

Thanking You,

Yours Sincerely,

Organizing Committee

PREAMBLE

Pharma ANVESHAN 2024 in association with the Pharmacy Council of India (PCI), on the occasion of *National Pharmacy Education Day* was organized by **The Oxford College of Pharmacy** on 06/03/2024 from 10:00 am to 5.30 pm.

Dr. S N V L Narasimha Raju, The Chairman of The Oxford Educational Institutions, emphasized the importance of industry participation in the curriculum. He urged all participants to take a moment to pay homage to Prof M. L. Schroff on his birth anniversary, highlighting the significance of honouring those who have made significant contributions to the pharmacy field.

The Chairman's emphasis on industry participation highlights the need for academia and industry to work together to advance the pharmacy field. By collaborating closely, both parties can ensure that students have the necessary knowledge and skills to succeed in the ever evolving pharmaceutical industry. The Chairman also expressed his gratitude towards

Dr Montu M Patel, the President of the Pharmacy Council of India, for the opportunity to The Oxford College of Pharmacy to host Pharma Anveshan 2024. He extended his thanks to all the delegates who had come from various industries and institutions to participate in the event.

All the eminent personalities were honoured with memento, dry fruit bowl and shawl.

The inauguration session was concluded with Vote of thanks by **Dr. Noopur Srivastava**, Head of the Department of Pharmacology at The Oxford College of Pharmacy, expressed her heartfelt thanks to all the dignitaries, resource persons, industry experts, and students for attending this program. Dr. Noopur expressed her gratitude towards PCI President Dr Montu M Patel and team on behalf of Management, Principal, staff and students for this opportunity. Special gratitude goes to Dr. MD Karvekar, Prof. Dr. Muneer Ahmed R, Dr Saleemulla Khan, and Dr Khalid Ahmed Khan for sharing their insights on implementing the National Education Policy in pharmacy education. Dr. S N V L Narasimha Raju, Chairman of The Oxford Educational Institutions, is also greatly appreciated for his inspiring words and emphasis on industry participation in the curriculum. Furthermore, also assured that such programs will be organised in the institution in coming days.

After the first session, the delegates are allowed for 15 min tea break.

II SESSION

The second session was started by

1st Speaker, Prof (Dr). Munir Ahmed, Director, Rajiv Gandhi University of Health Sciences, Domain consultant; L&D in HPE

Prof Munir spoke on the theme of “Need of teacher’s education to implement NEP”. In his presentation, he gave thrust on the role of teachers in implementing the NEP-2020 effectively to make it success. For this the teachers in all cadre should be trained and educate about the NEP’S rules and regulations, its benefits and how the students will be beneficial in their course year wise. He also expressed that, why students should know about the NEP? Because of NEP, the students have opportunity to do different courses, if they are willing to do and their potential.

Dr. Munir Ahmed requested Pharmacy Education Institution Heads to interact and guide the students and teachers to discuss more and more about this new education policy, so that they can become familiar. Finally he concluded with appreciation to PCI for its role and support to the education institutions to come with new ideas in research, teaching, and industry institution partnerships for better education to the next generation pharmacists.

2nd speaker Dr. Sangamesh Puranik, Founder & CEO Saskia Labs Pvt. Ltd, Bangalore.

Dr. Puranik started his presentation on the theme of “NEP & its impacts on future of pharmacy” and emphasized on the following points in the interest of pharmacy education and industry collaboration benefits for present and its impact in near future.

National Education policy 2020 will be surely enriching the Pharmacy Education system and Research. Pharmacy Education is an example of multidisciplinary knowledge approaching education system with broad opportunity of research work, which is supported by the principle of National Education Policy 2020. It is crystal clear that any professional technical course of multidisciplinary approach like pharmacy will be enriched in regard to education and research. Knowledge in Pharmacy is already in blood of Indian since long back and NEP is supporting and respecting this kind of knowledge carry forwarded to modern era.

No.6/9, 1st Cross, Begur Road, Hongsandra, Bengaluru –560 068

Children's Education Society (Regd.)
The Oxford College of Pharmacy

(Recognised by the Govt. of Karnataka, Affiliated to Rajiv Gandhi University of Health Sciences, Karnataka;
Approved by Pharmacy Council of India, New Delhi)

One can easily observe that the PCI framed syllabus for D. Pharm., B. Pharm and M. Pharm are already supported by the basic demand of NEP. Therefore, in compliance of NEP, Pharmacy Education already touched the principle and advanced in the same pathway as per requirement of NEP. It is therefore a time demand to have a multidisciplinary research laboratory in each pharmacy institute in addition to this, PCI should think to include in the respective regulation.

Basic concept of Research Methodology and knowledge for preparation of Dissertation & presentation, Care your health and serve to community to make conscious about their health, Steps to be an entrepreneur and Startups, Increasing ability to present self in different sector of the pharmacy profession, Concept of laboratory designing. He also emphasized on the pharmacovigilance and eco-pharmacovigilance to prevent the pollution.

After this session the delegates were requested to take a sumptuous lunch break for 45 minutes.

After the lunch break, the session was continued with another young speaker,

3rd Speaker Dr. Kaushik Devaraju, Founder, Map Marketing Solutions

In his presentation Dr Kaushik, explained in detail about the community association benefits for research work in drug development and dosage form designing. How this association will influence the novel drug delivery systems preparations. In today's fast life style, people will accept maximum dosage form compliance and lesser side effects associated with drugs. The community feedback will motivate the researchers to think and work on the newer synthetic drugs and dosage forms. He also explained the recent policy decisions of Central Government

impact on the improvements of pharma industries, enthusiasm in R&D and starting bulk manufacturing plants in different parts of country. Finally he requested education institutions to encourage students to involve and follow the current developments in the pharma industry, AI, hospital services etc. to enhance their job opportunities.

4th speaker Manoj Kumar Yadava, Cluster Head, Medical Communications and Digital Solutions, Pharma Pulse

The session's objective was to create much-needed awareness among the students on NEP 2020 in their career path. The speaker, Manoj explored the traditional and emerging career opportunities for pharmacy students with a focus on industry expectations and career tips. It was worth noting that most students were

unaware of many of the upcoming career opportunities discussed during the session such as space pharmacy, genomics and personalized medicines, and radiopharmaceuticals/nuclear pharmacy. There is a strong need to keep conducting career guidance sessions at least 1 year in advance before our pharmacy students complete their course curriculum to make the most out of their career path ahead. An interactive Q&A followed the session.

5th speaker Dr. Rajkumar Aland, Vice president Biolife Sciences

Dr Rajkumar has presented with the theme of "Restructuring of pharma education as per NEP and covered the following points with explanation to understand the participants for better pharmacy education in the interest of Community & Nation. National Education Policy (NEP)-2020, a striving policy of Govt of India to revamp the entire education system in India is now under implementation stage at each level including higher education institutions in India. The policy which was released after herculean exercise of eminent academicians and discussions and deliberations thereafter, places a significant emphasis on nurturing the creative potential of every individual. Key points and their possible solutions which can be incorporated while framing the revised academic structure for pharmacy programs: This will be a major change in the pharmacy academia so shall need a well-placed mechanism for institutions running Diploma in Pharmacy programs for smooth transition. Further after three years if a student exits, it should lead to the award of an Advanced Diploma in Pharmacy subject to the mandatory industrial training. The fourth year should be split into B. Pharm (Hons) and B. Pharm (research). The honours' part should have elective subjects like Community Pharmacy, Industrial Pharmacy, Retail Pharmacy, Marketing and management, Clinical Pharmacy, Regulatory Pharmacy and subjects which will improve the skills as per the interest of the student, the area in which they want to work in future. Multidisciplinary components in pharmacy curriculum, there are already few multidisciplinary subjects covered however, the basket of multidisciplinary courses should be enhanced so that the candidate be able to choose courses of current advances like, artificial intelligence, data analysis, robotics, mechatronics, advanced engineering tools for novel drug development delivery etc. He also emphasized on the institution infrastructure improvements with respect to industry advanced process in technology, so that the students shouldn't face much difficulty in industry jobs.

After the session, the delegates are allowed for 20 min tea break with snacks.

Panel Discussion

The panel discussion started around 4.45 pm with Dr. Sangamesh Puranik, Dr Kaushik Devraju, Dr Rajkumar Aland, Manoj Kumar Yadava, Mr Shwetal Khopkar, Marketing Manager, Buchi India Private Limited, along with Principal Dr Padmaa M Paarakh and HODS of college. The panel team was headed by one of the most eminent personality **Dr. Ramachandra Shetty, Director(R &D), Rajiv Gandhi University of Health Sciences, Bangalore and Central Council Member, PCI**. All participated very enthusiastically and answered many questions in the discussion from the audience. Dr. Ramchandra Shetty, answered the questions regarding NEP along with panellists in clear and concise way. Participants raised several questions about the pharmacy field. One of the participants asked about the future scope of the pharmaceutical industry in India. Dr. Ramachandra Shetty said that the Indian pharmaceutical industry has a bright future due to the country's large population and increasing healthcare needs. Another participant asked about the role of pharmacists in preventing medication errors. The panellists agreed that pharmacists play a crucial role in medication safety and should be trained to identify and prevent errors. Another participant raised a question about the use of artificial intelligence in pharmacy. They explained that AI has the potential to revolutionize the pharmacy industry by improving drug discovery and development, medication management, and patient care. Overall, the panellists provided insightful answers to the participants' questions and created a lively and informative discussion. The panel discussion went up to 5.30 pm. Certificate were distributed to the participants.

Finally, the Vote of thanks was given by the convener, Dr. Padmaa M Paarakh. First she thanked the PCI President **Dr Montu M Patel** for this opportunity to our institution. Madam, thanked the Chairman, **Dr.**

S.N.V.L Narasimha Raju sir, for his continuous support and motivation for organising such programs at our institution. She is also thanked organising committee, staff, industry peers, all the students from our college and other Institutions for actively participating in this successful and knowledge shared conference. She told all the students, the best tribute to Prof. M L Shroff is the students and teachers support and actively involved in academia, research, social service through pharmacy and gratitude towards the PCI and education institutions.

After National Anthem, all the participants dispersed and the session were concluded successfully.

PHARMA ANVESHAN 2024

The Oxford College of Pharmacy, Bengaluru was established in the year 1984.

It is under the wings of the Children's Education Society (Pharm) and offers B. Pharm. & Pharm. M. Pharm. (Pharm. II and Pharm. III) (Post Graduate) program.

It is recognized by the Government of Karnataka, affiliated to RGUHS Bangalore Drug Control Board Karnataka and approved by Pharmacy Council of India New Delhi.

The Oxford College of Pharmacy has invested infrastructure and learning facilities and quality in terms of international educational history.

"National Pharmacy Education Day"

The Pharmacy Council of India has decided to inaugurate the introduction of Post Graduate Ed. Program in extending Pharmacy Education in India by observing the Birth Anniversary on this March as "National Pharmacy Education Day".

About Pharma Anveshan, 2024

- The Pharmacy Council of India is taking the initiative to gather perspectives on the National Education Policy, 2020, from various stakeholders for effective implementation.
- In this event, the Oxford College of Pharmacy will provide the opportunity to discuss and bridge the gap between the industry and academia within the existing Pharmacy Course curriculum.

National Education Policy, 2020

- It transforms India into a sustainable, equitable and vibrant knowledge society.
- It provides high-quality education to all.
- It is aimed to make India a global knowledge superpower.

OUTCOME OF THE PROGRAMME

Pharma ANVESHAN 2024, held in association with PCI, fostered industry-academia collaboration, supporting NEP 2020 implementation in pharmacy education. Outcomes included enhanced skills, improved employability, innovation in research, and knowledge sharing. This initiative strengthened our institution's reputation and bridged academic and industry needs through meaningful partnerships and collaborative opportunities.
